

# Transport Access Program

## Fairy Meadow Station Upgrade

**Project update**

**August 2020**

The upgrade at Fairy Meadow Station is being delivered as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

*New lift structures installed at Fairy Meadow Station*

During August, key work activities will include:

- construction of a new elevated access walkway on Platforms 1 and 2
- fitout of lifts
- footpaths, pavements and ramp work around the station
- upgrading public amenities in the station building on Platform 1
- resurfacing of the commuter car park and footpaths at the end of Rann Street
- installation of boarding assistance zones on Platforms 1 and 2
- fencing and landscaping around the station
- installing lighting and CCTV around the station.

Equipment to be used will include excavators, jack hammers, power tools and hand held tools.

Most of these activities will take place during standard construction hours between **7am and 6pm Monday to Sunday**.

For more information call **1800 684 490**,

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

## Upcoming work

### From Monday 10 August – permanent closure of the track level crossing and temporary changes to station access

To complete construction of a new pathway to the lift on Platform 1 safely, the track level crossing will be permanently closed from Monday 10 August. In accordance with the Transport for NSW Level Crossing Policy, the level crossing will remain closed as access between the platforms will be via the new lifts and Elliotts Road bridge.

Access to Platform 2 will be maintained via the ramp next to the commuter car park and the stairs from Elliotts Road bridge. **Access to Platform 1 will be stair access only via Elliotts Road bridge.** The new lifts are anticipated to be opened to customers in mid September. Please contact us prior to your travels if you are unable to access the station via the stairs during this period. Transportation to the nearest accessible station will be arranged.

### Access changes map from 10 August

### From Monday 17 August – finishing work around the station

Work will include constructing new stairs to Platform 2, installing fencing and handrails on the access ramp and stairs, fitting out lifts, general fencing and landscaping, installing signage and wayfinding, and installing street furniture.

### Monday 24 August to Sunday 13 September – temporary closure of commuter car park

The commuter car park at Montague Street will be temporarily closed for resurfacing. Resurfacing of pavements and footpath at the end of Rann Street will be completed in August. Please follow directional signs and designated pedestrian paths to access the station.

## Weekend work

**From 3am Saturday 15 August to 10pm Sunday 16 August**

Work will include the permanent removal of the track level crossing, railway signalling work, finishing the elevated access walkways, crane installation of boarding assistance zone shelters and removal of power pole in the commuter car park.

For the safety of staff and customers, work is taking place during a scheduled Sydney Trains trackwork period, where no trains will be running.

Please visit [www.transportnsw.info](http://www.transportnsw.info) or call **131 500** for information about replacement buses during this time.

## Night work

To minimise disruption to public transport customers, there will be some scheduled night-time work, between 12am and 4am throughout August. This will include minor electrical work inside of the station building when the station is not in use.

We understand upgrades to the station can bring some inconvenience during construction and thank you for your patience during this time.

## Keep in touch

To maintain the safety of our workers and customers, extra measures have been put in place to minimise the potential spread of COVID-19. Our engagement with the community will continue through letterbox drops, phone calls and digital platforms such as our website. We will continue to keep the community informed with regular project updates.

Further information is available on the project website [transport.nsw.gov.au/fairy-meadow](http://transport.nsw.gov.au/fairy-meadow). If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au)

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
