Transport Access Program
Hazelbrook Station Upgrade

Upgrade to Hazelbrook Station now complete

Hazelbrook Station Upgrade is now complete and the community is able to use the station's new and improved accessibility features.

Customers can use the new lift to access both platforms and station amenities, including an upgraded family accessible toilet and new ambulant toilet. CCTV and lighting have been improved to increase safety and security around the station precinct.

Two upgraded accessible parking spaces are now available in the commuter car park. The footpath between the car park and station has also been upgraded to meet accessibility standards.

The project was completed as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.
Key facts:

440 workers on the project

19,404 hours worked

47 tonnes of structural steel used

223 cubic metres of concrete poured
