

Commuter Car Park Program Leppington

More commuter parking is coming to Leppington Station

Key features of the proposal include:

- a multi-storey car park with up to 1,000 additional parking spaces
- park and ride for free for up to 18 hours – just tap on to your connecting train trip with your Opal card
- additional accessible parking spaces
- CCTV, lighting and wayfinding for improved safety and security
- lift access
- road pavement and pedestrian pathway upgrades for safe and convenient access to and from the station
- provision for electric vehicle charging spaces and motorbike parking is also being assessed.

Construction of the new car park is planned to begin around mid-2020, with the additional car parking spaces expected to be available around mid-2021.

Commuter Car Park Program

The Commuter Car Park Program is a NSW Government initiative to provide you with more convenient access to public transport at key transport interchanges, and help ease congestion on our roads. We have already delivered more than 10,000 commuter car spaces across Sydney since 2011, with around 8,000 additional spaces on the way.

Come and meet the team

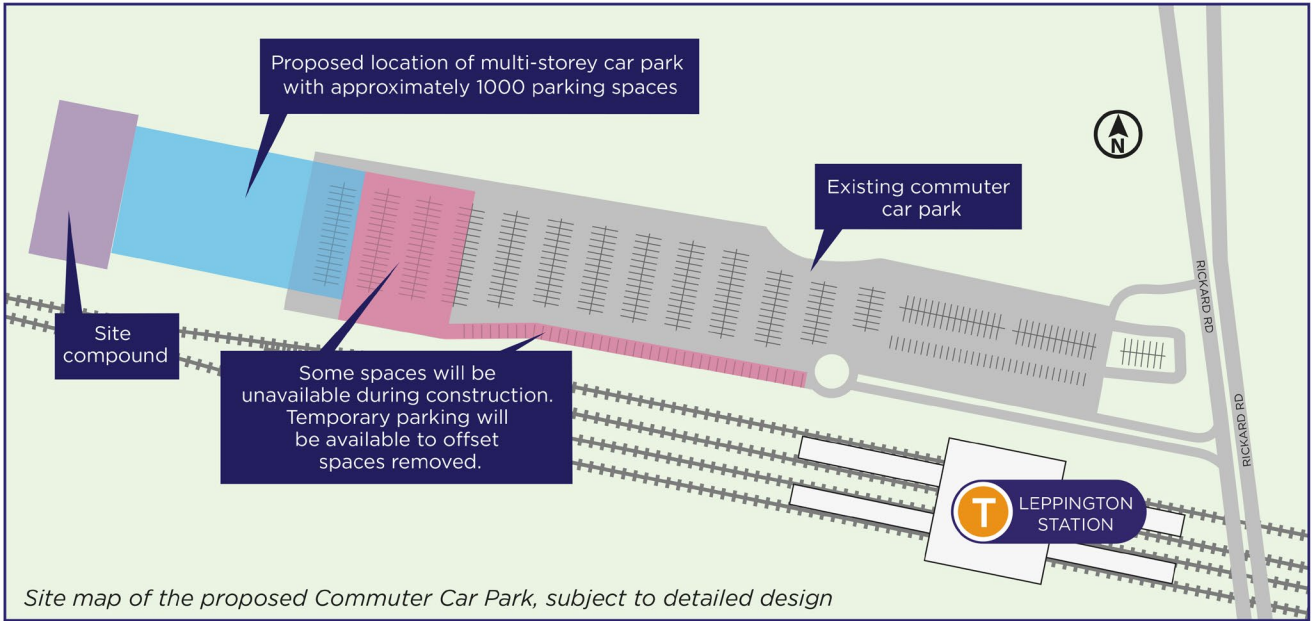

The Transport for NSW project team will be at Leppington Station on **Thursday 12 March and Tuesday 17 March** from **4:30pm until 6:30pm** to answer any questions you have about the project.

If you are unable to attend and would like to speak with the project team or provide feedback on the concept design, please call **1800 684 490** or email projects@transport.nsw.gov.au.

Keeping you up to date

We will continue to keep you informed about the project through notifications to customers, local residents and businesses, and frequent updates published at www.transport.nsw.gov.au/leppington.

If you would like to be added to the project distribution list, please email projects@transport.nsw.gov.au and we will send you updates as the project progresses.

Parking during construction

During construction some spaces will be unavailable in order to complete the work safely. Temporary parking will be available for the community during the construction of the new facility to offset spaces removed.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
