

# Commuter Car Park Program

Leppington

Project update

September 2020

*Artist's impression of Leppington Commuter Car Park, subject to detailed design*

Transport for NSW is delivering more commuter car parking at Leppington Station to provide you with more convenient access to public transport and reduce congestion on our roads. Key benefits of the project include:

- a multi-storey car park with up to 1,000 additional parking spaces
- free parking for up to 18 hours with Transport Park&Ride
- additional accessible parking spaces
- lift access
- road pavement and pedestrian pathway upgrades
- CCTV, lighting and wayfinding for improved safety and security
- motorbike parking
- solar panels and electric vehicle charging spaces.

The new multi-storey car park will be completed and opened to the community in mid-2021.

## Progress update

In August, site clearing and excavation took place in preparation for major construction to begin on the multi-storey car park (pictured right). Storm water services were also relocated.

Camden Council continued construction of the temporary commuter car park, including site establishment, drainage and earth works, pavement upgrades and lighting. The roundabout access off Rickard Road is nearing completion and the car park is on track to be open in the coming weeks.

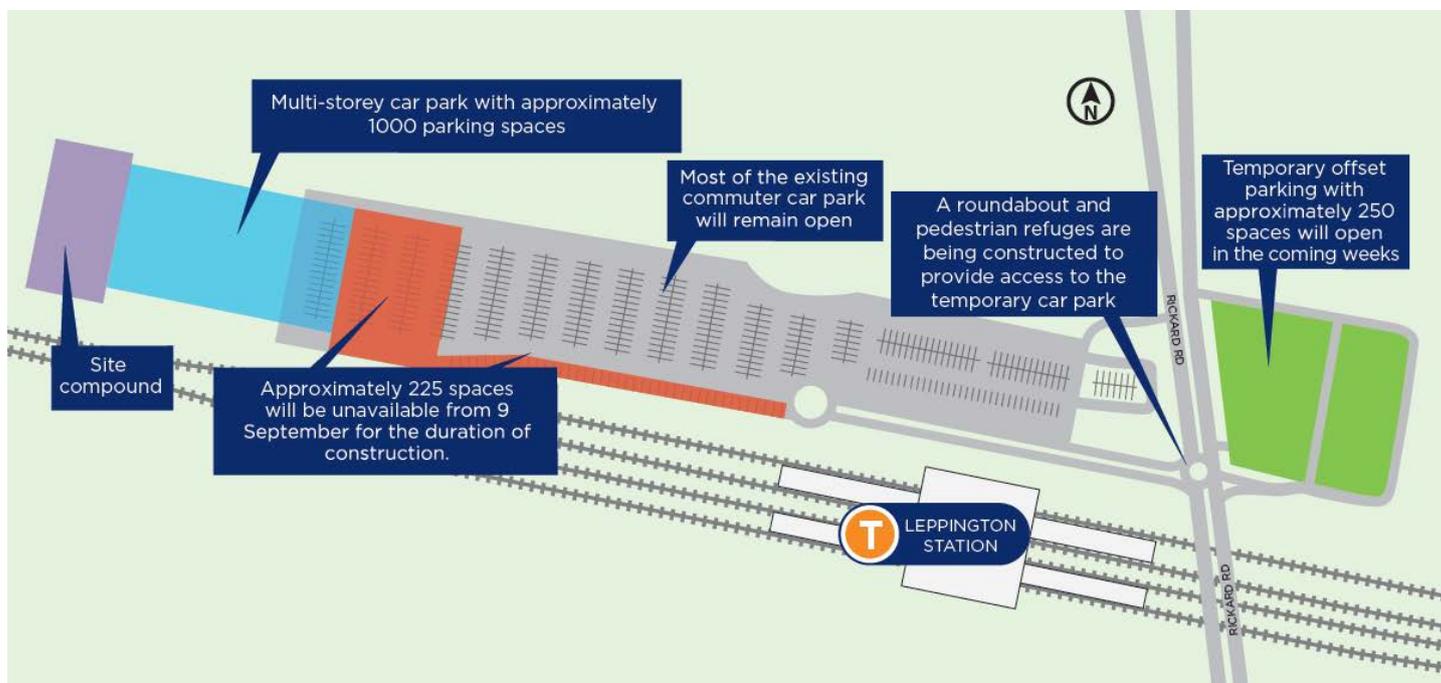

## Upcoming construction work

During September, the following work will occur on the new multi-storey car park:

- extending the site boundary into the existing northern commuter car park
- excavation, piling and structural work
- installation of site offices and worker amenities.

Deliveries will be scheduled outside peak times to avoid disruption to commuters. All work will take place during standard construction hours between **7am - 6pm Monday to Friday and 8am - 1pm on Saturdays**.

## Changes to parking coming from Wednesday 9 September

Map of changed parking arrangements coming into effect at Leppington Station in September.

As construction of the new multi-storey car park progresses, approximately 225 spaces in the existing northern commuter car park will be temporarily unavailable from **Wednesday 9 September** in order to complete the work safely.

For more information call **1800 684 490**

Email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or visit [www.transport.nsw.gov.au/leppington](http://www.transport.nsw.gov.au/leppington)

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

On behalf of Transport for NSW, Camden Council is building a temporary car park to the north-east of the station to offset these unavailable spaces. The temporary car park is expected to be completed and open to the community in the coming weeks.

Signage and fencing will be in place to assist customers with changed parking arrangements ahead of time. The existing southern commuter car park will remain open.

## Acknowledgement of Country

Transport for NSW recognises Aboriginal and Torres Strait Islander peoples as the First Peoples of Australia and acknowledges their continuing spiritual, cultural, social and economic connection to our lands and waters.

In August, an Acknowledgement of Country was held on site of the new multi-storey car park to mark the beginning of construction and pay our respects to the Tharawal people – the traditional owners of the land on which we are building.

A moving smoking ceremony (pictured) was performed by a proud Tharawal local who shared their valuable knowledge about the land. We value the diverse cultures and heritage of Aboriginal and Torres Strait Islander peoples and are committed to working more collaboratively with the Aboriginal and Torres Strait Islander population of NSW.

## Keeping you up to date

We will continue to keep the community informed with regular project updates. More information is available on our website [www.transport.nsw.gov.au/leppington](http://www.transport.nsw.gov.au/leppington). If you would like to sign up to our project distribution list, please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) and we will email you regular updates.

For all urgent enquiries or complaints regarding construction activities, please call our **24-hour Construction Response Line** on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
