

Transport Access Program Lisarow Station Upgrade

Artist's impression of the proposed Lisarow Station Upgrade, subject to detailed design

Provide your feedback on the concept design for the Lisarow Station Upgrade

Planning is underway to improve accessibility at Lisarow Station. Following consultation with key stakeholders, a concept design has been developed. Feedback on the concept design will be used to progress the planning approval process.

Key features of the proposal

- two new lifts connecting the platforms to the existing footbridge
- a new accessible parking space and a kiss and ride space in the Railway Crescent commuter car park
- resurfacing works on Platform 1
- new Boarding Assistance Zone canopies

- a new ramp to the southern station entry from the Pacific Highway pedestrian footpath
- upgrades to electrical infrastructure, lighting, CCTV and public address system.

Construction of the station upgrade is planned to begin in late 2020, with the project expected to be completed by 2022.

How to provide feedback on the concept design

View the plans and fill out the online feedback form at: transport.nsw.gov.au/lisarow
Email: projects@transport.nsw.gov.au
Project Infoline: 1800 684 490

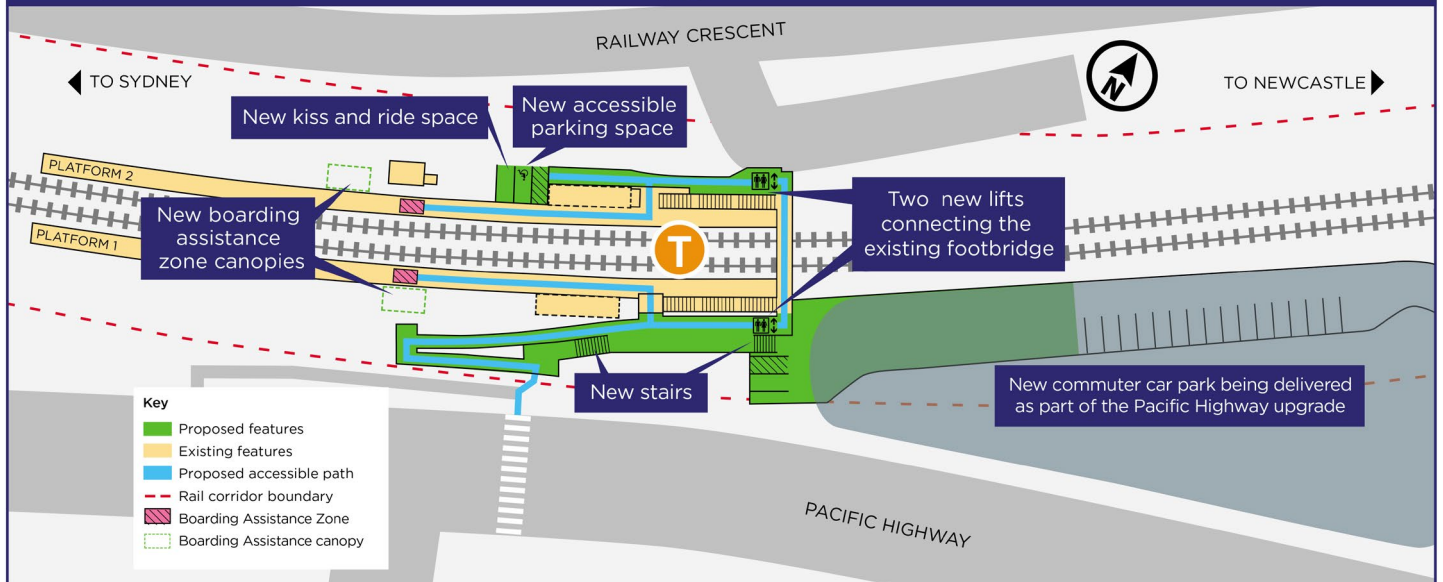

Feedback can be provided until 29 July 2020.

Under normal circumstances Transport for NSW would hold community information sessions at the station. We regret that due to the COVID-19 social distancing measures, we can't. We are still available by phone and email and look forward to hearing your questions and feedback that way.

For more information call 1800 684 490

Keeping the community informed

Transport for NSW is committed to keeping the community informed throughout the delivery of the project.

You can stay informed via regular updates to the project website. We will also keep the community informed via newsletters, advertisements and signage. You can also contact the project team by calling **1800 684 490** or emailing projects@transport.nsw.gov.au.

Transport Access Program

This project is being delivered as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure. Upgrading Lisarow Station will make it accessible to transport customers with a disability, limited mobility, parents/carers with prams and customers with luggage.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
