

Transport Access Program

Mittagong Station Upgrade

Project update

March-April 2020

The upgrade at Mittagong Station is being delivered as part of the Transport Access Program, an NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure across the state.

Project overview

In January 2020, site establishment took place at Mittagong Station, with construction activities now underway.

During March, work activities will include:

- construction concrete portions for the new lift shafts
- excavation work to install underground services at the station entries on Regent Street and Railway Parade
- electric work in the station buildings
- upgrades to station amenities
- installation of separate power supply to the signalling system

For more information call **1800 684 490**,

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

During April, work activities will include:

- construction of concrete portion for the new lift shafts
- continued excavation work at the station entries on Regent Street and Railway Parade
- continued electric work in the station buildings
- continued upgrades to station amenities
- finishing installation of power supply to the signalling system, including night work.

There will be some temporary pedestrian and vehicle diversions during this work.

Most of these activities will take place during standard construction hours, which are **7am to 6pm Mondays to Fridays** and **8am to 1pm Saturday**. We will notify nearby residents and businesses in advance if we need to work outside these times.

A separate notification will be distributed closer to any night or weekend work occurring.
