

# Power Supply Upgrade Program

Mt Druitt

## COMMUNITY NOTIFICATION

AUGUST 2020

Transport for NSW is upgrading electrical infrastructure as part of the Power Supply Upgrade Program, which is designed to meet expected power requirements for Sydney's future rail network and new fleet of air-conditioned trains.

### Upcoming work

We will be carrying out some upgrade work inside the Mt Druitt Sectioning Hut. This work will occur between **10pm Tuesday 25 to 6am Wednesday 26 August 2020.**

Access to the Sectioning Hut will be via the access gate on North Parade, opposite Mt Druitt TAFE. Please see map of the work area overleaf.

### What you may notice

Equipment to be used during the work will include power and hand tools. Higher noise generating work involving power tools is only expected to occur for short periods.

Transport for NSW is committed to minimising noise impacts on the community. We switch off equipment when it is not being used, place equipment as far away from properties as possible and monitor our work activities to make sure noise levels are being managed effectively.

### Keeping the community informed

If you would like to speak with the project team about this work, please contact us through the details provided below. Thank you for your understanding during this work.
