Power Supply Upgrade Program
Rhodes

COMMUNITY NOTIFICATION  JUNE – JULY 2020

Transport for NSW is upgrading electrical infrastructure as part of the Power Supply Upgrade Program, which is designed to meet expected power requirements for Sydney’s future rail network and new fleet of air-conditioned trains.

Upcoming work

We will be carrying out some upgrade work inside the Rhodes Sectioning Hut. This work will occur between **10pm and 6am from Monday 22 to Thursday 25 June and from Wednesday 1 to Friday 3 July.**

Access to the sectioning hut will be via the gate located on Blaxland Road, Rhodes.

What you may notice

Equipment to be used during the work will include power and hand tools. Higher noise generating work involving power tools is only expected to occur for short periods.

Transport for NSW is committed to minimising noise impacts on the community. We switch off equipment when it is not being used, place equipment as far away from properties as possible and monitor our work activities to make sure noise levels are being managed effectively.

Keeping the community informed

If you would like to speak with the project team about this work, please contact us through the details provided below. Thank you for your understanding during this work.
