

Transport Access Program

Pymble Station Upgrade

Community Notification

January 2020

Planning is underway for an accessibility upgrade at Pymble Station. As part of the planning process, preliminary investigations will be undertaken to identify ground conditions to aid in informing the design and construction of the upgrade.

Site Investigations

Site surveys will commence from **13 to 15 January**, with the team to return to site again from **21 to 22 January** to undertake ground condition surveys. The work will include geotechnical investigations on Grandview Street and within the car park accessed via Pacific Highway (near Dominos), locating buried services and surveying the area. Equipment to be used includes a truck mounted drilling rig, light vehicles and hand held tools.

Traffic control and signage will be in place to assist pedestrians and vehicles while work is carried out. Please follow directional signage and the instructions from traffic controllers during this time.

These investigations will be undertaken during the hours of **7am to 6pm, Monday to Friday**. We thank you for your patience during this time.

Changes to parking spaces

To allow for the geotechnical investigations to occur, three parking spaces in the car park accessible via Pacific Highway will be unavailable from **2pm Tuesday 14 January to 2pm Wednesday 15 January** and again from **6am Monday 20 January to 6pm Tuesday 21 January 2020**.

Keeping the community informed

The community will be kept informed with regular project updates and information via the project website transport.nsw.gov.au/projects/current-projects/pymble-station-upgrade. For more information about the project, please visit the website, call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au. For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
