

# Redfern Station Upgrade

## New Southern Concourse

COMMUNITY NOTIFICATION

JUNE - JULY 2020

The Redfern Station Upgrade – New Southern Concourse will provide a station that is accessible to those with a disability, limited mobility, parents / carers with prams and customers with luggage. The New Southern Concourse will improve accessibility to public transport and help people move around the growing area and is the first step in the renewal of the Redfern North Eveleigh Precinct.

### Upcoming work

From mid-June to December 2020, minor work to inform the design of the station upgrade, remove redundant materials and adjustments to power and wiring within the station will occur.

These work activities will primarily be located within the rail corridor and undertaken during standard working hours 7am to 6pm Monday to Friday and 8am to 1pm Saturday.

In addition to activities during standard working hours, some weekend and night work will occur in June and July during scheduled trackwork weekends. Below is a timeline of these early work activities:

Dates	Work hours	Location	Activities
Saturday 13 to Sunday 14 June	5am Saturday to 10pm Sunday	Platform 10	Excavation along the platform and locating underground services. Backfilling and compacting the excavated areas. <b>Pedestrian access to Platform 10 will not be available on this weekend.</b> Traffic control and pedestrian detour signs will be in place to direct customers via Gibbons Street.
Friday 19 to Sunday 21 June	Midnight Friday to 10pm Sunday	Platform 5	Excavation of a new cable route within the platform, installing new pits and conduits. Backfilling and compacting the excavated areas.
Saturday 11 to Monday 13 July	5am Saturday to 2.30am Monday	Platform 1, 2/3 and 4	Drilling boreholes along Platform 4 Excavation of a new cable route within the platform, installing new pits and conduits Backfilling and compacting the excavated areas.

## Trackwork weekends

For the safety of our customers and staff, the majority of work will be completed during scheduled Sydney Trains trackwork weekends. For up to date information about services during these times visit [transportnsw.info](http://transportnsw.info) or call **131 500**.

## What you may notice

In advance of the work listed above, plant and equipment will be delivered into the rail corridor via various rail access gates in Redfern, Eveleigh and Erskineville including Gibbons Street, Carriageworks Way and Erskineville Road.

Equipment to be used includes cherry pickers, concrete saws, service scanners, vacuum trucks, crane trucks, drilling rigs, excavators, plate compactors, lighting towers, line marking paint, work vehicles and various hand and power tools.

If you would like to speak with the project team about this work, please contact us by calling **1800 684 490** or by emailing us at [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au)

## Why are we doing this work now?

For the safety of staff and customers some of this work needs to be completed during scheduled trackwork weekends when trains are not running. Completing this work allows the project team to continue progressing the design and, subject to planning approval, start construction sooner, reducing the duration of the project.

## Have your say

Transport for NSW has prepared an Environmental Impact Statement (EIS) for the project which is on public display until **24 June 2020**. Your feedback on this project is important and the community are invited to view the EIS and provide a submission to the Department of Planning, Industry and Environment at [planningportal.nsw.gov.au/major-projects](http://planningportal.nsw.gov.au/major-projects).

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
