

Transport Access Program

Rooty Hill Station Upgrade and Commuter Car Park

PROJECT UPDATE

FEBRUARY 2020

Thank you for your patience and cooperation throughout the construction of the Rooty Hill Station Upgrade and Commuter Car Park.

We have now completed:

- ✓ The multi-level Commuter Car Park accommodating 750 vehicles with solar panels on the roof and EV charging stations
- ✓ New wider stairs and overhead canopies to reduce congestion and protect commuters from extreme heat and rain
- ✓ Platform resurfacing to reduce the gap and height for commuters getting on and off the trains
- ✓ Four new lifts connecting commuters from North Parade and Beams Avenue to all platforms at Rooty Hill Station.

The station and commuter car park are now open for use, with some minor finishing work to take place in the coming weeks, including closure of the North Parade storage yard and some minor platform work.

The 'Pride of Place' pavers in the Beames Avenue forecourt

Weekend work

To improve the safety of workers, pedestrians and motorists, some minor modification work will be required during a scheduled Sydney Trains track work period, where no trains will be running. This work will take place between **4am, Saturday 29 February and 12am, Monday 2 March**. Rooty Hill Station will be closed, however the footbridge and lifts will remain open to pedestrians to allow access from south and north side of the station.

Thank you for your patience during the construction of this important project.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
