

# Transport Access Program

## Roseville Station Upgrade

Project update

December 2020

### Project overview

Transport for NSW is upgrading Roseville Station to make it easier to access, especially for people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

The project includes two new lifts and upgraded footpaths connecting the station to Hill Street and Pacific Highway entrances. There will also be formalised accessible parking, a taxi zone, kiss and ride bay, bus shelter and increased bike parking.

The station's facilities will also be upgraded to include a male and female ambulant toilet and a family accessible toilet, new canopies, handrails, wayfinding signage, improved station lighting, security and communication systems. Work is expected to take around 18 months to complete.

For more information call **1800 684 490**,

Email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or visit [transport.nsw.gov.au/Roseville](https://transport.nsw.gov.au/Roseville)

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**.

## Upcoming work

Work will continue in December and includes:

- Fencing and scaffolding installation at the Hill Street station entry and on the station platform
- Installation of bridge footings, steel work and station building refurbishment work
- Service relocations and utility work throughout the station precinct
- Excavation, concrete and piling work for the new lift at the Hill Street entrance
- Excavation and construction of retaining walls at the Pacific Highway entrance
- Lift pit and concrete work on the station platform and Hill Street
- Installing electrical containment trays within the rail corridor.

Equipment to be used includes a flatbed truck, elevated work platform, scaffolding, piling rig, concrete truck and pump, tipper truck, excavators and hand tools. Traffic control may be in place intermittently to maintain safe pedestrian and vehicle access around the work site. There may be temporary changes to traffic flow and parking on Hill Street and Pacific Highway which will be managed by traffic control where required.

## Night work in December 2020

For the safety of our workers, pedestrians and motorists, work will take place over 4 nights from **Monday 7 December to Friday 11 December 2020** between **6pm** and **7am**.

Some of this work will take place in the rail corridor and needs to be carried out during a scheduled Sydney Trains track work period when trains aren't running.

Work will include:

- Installing electrical containment trays within the rail corridor
- Setting up scaffolding for the lift on the station platform
- Delivery of materials.

Equipment to be used includes trucks, elevated work platform, excavators, scaffolding, and hand tools.

This work will be noisy at times. Wherever possible measures to reduce noise will be implemented including scheduling noisy work during daytime hours, turning off vehicles and equipment when not in use, monitoring noise, using non-tonal reversing beepers and acoustic barriers.

We apologise for the inconvenience and thank you for your patience during this important work.

Please visit [www.transportnsw.info](http://www.transportnsw.info) or call **131 500** for up to date information regarding service updates and replacement buses during this time.

## Temporary pedestrian access and parking changes

The footpath alongside the station on Hill Street will remain closed between Lord Street and Bancroft Avenue to allow for the safe and efficient construction of the new lift. This closure will be in place until mid-2021.

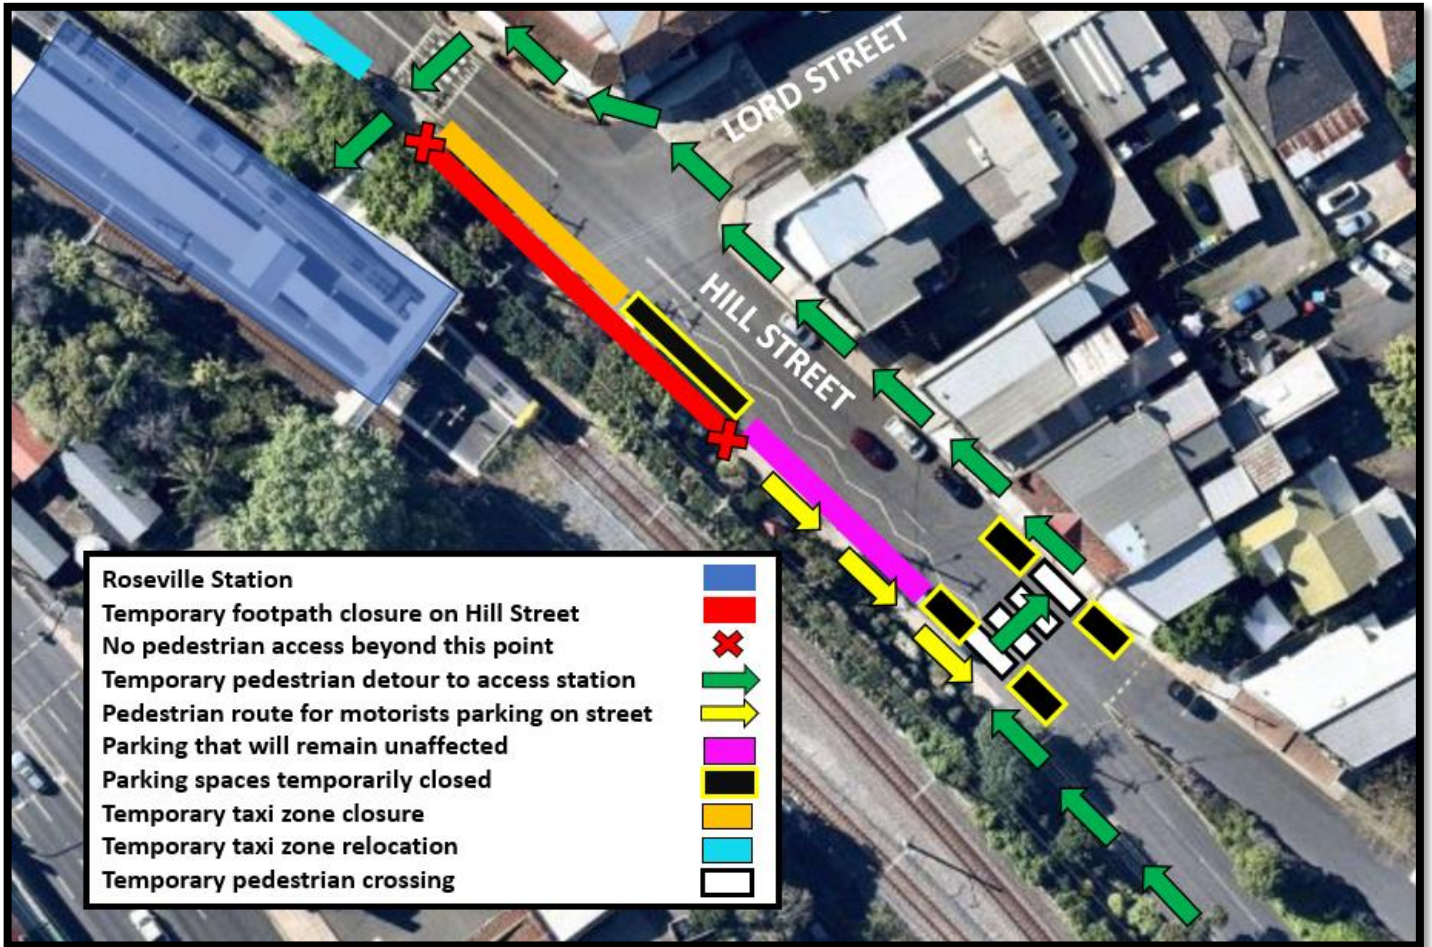

An additional temporary pedestrian crossing has been installed near Bancroft Avenue to assist pedestrians to safely cross the road while footpath closures are in place.

Two parking spaces on each corner of the temporary pedestrian crossing will be unavailable until mid-2021 for the safety of pedestrians and motorists.

The three parking spaces near the Hill Street station entrance are also temporarily closed until mid-2021 to allow for the safe and efficient construction of the new lift. During this time, the taxi zone and kiss and ride zone will be temporarily relocated to the other side of the station entry (opposite Roseville Pharmacy).

Please see map below for more information.

## Location map

*Roseville Station pedestrian changes until mid-2021*

## Temporary holiday project closure

From **5pm Friday 18 December 2020** until **7am Monday 4 January 2021** our project and offices will be closed to provide the community and our staff with a break from construction work.

We wish you and your loved ones a safe and happy holiday season and look forward to working together to deliver the Roseville Station Upgrade throughout 2021.

## Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

For the safety of staff, rail customers and the community, some work will be completed outside standard construction hours. Nearby residents and businesses will be notified before any work outside these hours takes place.

## Keep in touch

We will continue to keep the community informed with regular project notifications and frequent online updates published to the project website [www.transport.nsw.gov.au/roseville](http://www.transport.nsw.gov.au/roseville).

If you would like to be added to the project distribution list, or for more information on the Roseville Station Upgrade, please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
