

Transport Access Program

Roseville Station Upgrade

Project update

September 2020

Project overview

Transport for NSW is upgrading Roseville Station to make it easier to access, especially for people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

The project includes two new lifts and upgraded footpaths connecting the station to the Hill Street and Pacific Highway entrances, accessible parking, a taxi zone, kiss and ride bay, bus shelter and increased bike parking.

The station's facilities will also be upgraded to include a male and female ambulant toilet and a family accessible toilet, new canopies, handrails, wayfinding signage, improved station lighting, security and communication systems. Work is expected to take around 18 months to complete.

Design changes to the Roseville Station Upgrade

Based on community feedback and consultation with Ku-ring-gai Council, Heritage NSW and Sydney Trains, the design for the Roseville Station Upgrade has been updated.

These design updates include:

- removing the three pitched roofs at the front of the Hill Street entrance in favour for a flat roof and extended canopy weather protection
- updating the lift shaft colour palette
- improving the hand rail and wall near the stairs which is now no longer open fencing.

Upcoming work

During September, work will be carried out during standard construction hours which are **7am to 6pm, Monday to Friday, 8am to 1pm on Saturdays.**

Activities this month will include:

- site set up within the commuter car park on Hill Street
- cutting asphalt on the platform
- tree removal at the Hill Street station entrance
- surveying and investigation work
- relocating services from the existing platform canopy.

Equipment to be used includes surveying equipment, a demolition saw, generators, trucks, an excavator and hand tools. Traffic control may be in place intermittently to ensure safe pedestrian and vehicle movements around the worksite.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent online updates published to the project website www.transport.nsw.gov.au/roseville

If you would like to be added to the project distribution list, or for more information on the Roseville Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
