

# New Intercity Fleet

## Stations and Signalling Modifications

### Community Notification – South Coast and Illawarra Line

The NSW Government is delivering a New Intercity Fleet to replace trains carrying customers between Sydney and the Central Coast, Newcastle, the Blue Mountains and the South Coast. The new trains will feature:

- wider seats with arm rests, tray tables and high seat backs
- two-by-two seating for extra room and comfort
- improved accessibility including wheelchair access and accessible toilets
- improved customer information through digital information screens and announcements
- dedicated spaces for luggage, prams, bicycles and wheelchairs
- charging ports for electronic devices
- CCTV and help points
- modern heating and air conditioning

### Project overview

Modifications and upgrades are needed to the existing rail infrastructure at various stations along the South Coast and Illawarra Line to support the introduction of the New Intercity Fleet and allow for improved technology on the new trains.

### Upcoming work

We will be working at various stations along the South Coast and Illawarra Line to install or modify car markers **from Monday 25 May 2020 to Friday 21 August 2020, between 7am and 6pm**, weather permitting. The work includes spray painting on the station platform and minor work to install new or modify existing car markets on the platform fence. Activities will be underway for up to one hour per station and are not expected to be noisy or disruptive.

To minimise disruption to train customers and ensure the safety of workers and the community, work will take place during scheduled Sydney Trains trackwork.

### What you may notice

Equipment to be used includes hand and small power tools.

Transport for NSW is committed to minimising disruption to the community. We will take every possible step to reduce noise such as turning off machinery when not in use and locating equipment as far away from residents and businesses as possible.

### Revised construction hours due to COVID-19

Under new rules introduced by the NSW Government to support the construction industry during the COVID-19 situation, some construction sites can now operate on weekends and public holidays.

Under the new Order, **standard construction hours are now 7am to 6pm every day, including public holidays.**

The *Environmental Planning and Assessment (COVID-19 Development – Construction Work Days) Order 2020* will continue for up to six months and all changes to the Order will be communicated accordingly. It enables workers to abide by social distancing rules while keeping construction projects progressing by allowing building work to be spread across more days of the week.

## We will be working at:

- |               |                     |                          |
|---------------|---------------------|--------------------------|
| • Albion Park | • Helensburgh       | • Shell Harbour Junction |
| • Austinmer   | • Hurstville        | • Stanwell Park          |
| • Bellambi    | • Kembla Grange     | • Sutherland             |
| • Bombo       | • Kiama             | • Sydenham               |
