

New Intercity Fleet

Stations and Signalling Modifications

Community Notification – Lawson Station

The NSW Government is delivering a New Intercity Fleet to replace trains carrying customers between Sydney and the Central Coast, Newcastle, the Blue Mountains and the South Coast.

The new trains feature:

- wider seats with arm rests, tray tables and high seat backs
- two-by-two seating for extra room and comfort
- improved accessibility including wheelchair access and accessible toilets
- improved customer information through digital information screens and announcements
- dedicated spaces for luggage, prams, bicycles and wheelchairs
- charging ports for mobile devices
- CCTV and help points
- modern heating and air conditioning

Project overview

Infrastructure modifications and upgrades are needed at various stations along the Blue Mountains Line to support the introduction of the New Intercity Fleet, and to allow improved technology on the new trains.

Upcoming work

Saturday 12 and Sunday 13 September 2020

From 6:30am to 6pm on 12 September and 7:30am to 6pm on 13 September 2020, excavation work will take place to prepare for installation of trackside car markers.

To minimise disruption to train customers and ensure the safety of workers and the community, this work will take place during a Sydney Trains trackwork possession.

Please contact Transport Info on **131 500** or visit **transportnsw.info** for information about replacement transport services.

Standard construction hours

Work at **Lawson Station** might also occur at various times during **September** during standard construction hours, which are **7am to 6pm Monday to Friday, and 8am to 1pm on Saturdays**.

What you may notice

Equipment to be used includes a vacuum truck and power and hand tools.

Transport for NSW is committed to minimising disruption to the community. We will take every possible step to reduce noise such as turning off machinery when not in use and locating equipment as far away from residents and businesses as possible.
