

Transport Access Program

St Peters Station Upgrade

COMMUNITY NOTIFICATION

October 2020

Planning is underway for an accessibility upgrade at St Peters Station as part of the NSW Government's Transport Access Program. This will provide a station that is accessible to people with a disability, limited mobility, parents/carers with prams and customers with luggage.

As part of the planning process, preliminary investigations help identify what upgrades will be required to make St Peters Station fully accessible. This involves geotechnical work and surveying at the station.

These works will occur from **Saturday 10 October to Tuesday 20 October** intermittently and predominantly during standard working hours. **Monday to Friday 7am to 6pm and Saturday 8am to 1pm.**

These works will include:

- drilling investigative boreholes
- design surveys
- topographical surveys
- identifying services
- building inspections

Equipment used will include:

- small drilling rig
- powered hand tools and surveying equipment
- lighting towers and generators
- vacuum truck

Some of this work will be noisy at times. We make every effort to minimise the impact on nearby residents and businesses

Upcoming weekend works

From 6am to 6pm Saturday 10 October and from 6am to 6pm Sunday 11 October, weekend works will occur at St Peters Station during a scheduled Sydney Trains shutdown to undertake borehole and survey investigations on Platforms 1/2. This work will be undertaken while these platforms are closed to ensure the safety of workers and customers.

We apologise for any inconvenience and thank you for your patience during these works.

Train services, replacement buses and pedestrian access

Due to the track work there may be some changes to services or buses replacing trains during this time. Up to date service information for this weekend can be found at transportnsw.info or by phoning **131 500**.

Keep in touch

We will continue to keep you informed with regular project notifications and online updates published to the project website transport.nsw.gov.au/projects/current-projects/st-peters-station-upgrade.

If you would like to be added to the project distribution list or for more information on the Erskineville Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
