

Transport Access Program Unanderra Station Upgrade Have your say

Artist's impression of the proposed Unanderra Station Upgrade, subject to change during detailed design

The NSW Government is improving accessibility at Unanderra Station

From 20 July – 3 August 2020 the community is invited to provide feedback on the Review of Environmental Factors.

Community feedback will help Transport for NSW understand what is important to customers and the community.

Key features of the project

Key features of the project include:

- three new lifts to connect Berkeley Road (east), Berkeley Road (west) and the station platform to the existing footbridge
- upgrades to kiss and ride on Berkeley Road (east and west) including seating and improved access paths
- improvements to three existing accessible parking spaces on Berkeley Road (west)
- widening of the existing footpath on Berkeley Road (west)
- new handrails and treads on all stairs
- additional lighting and CCTV.

Previous community feedback

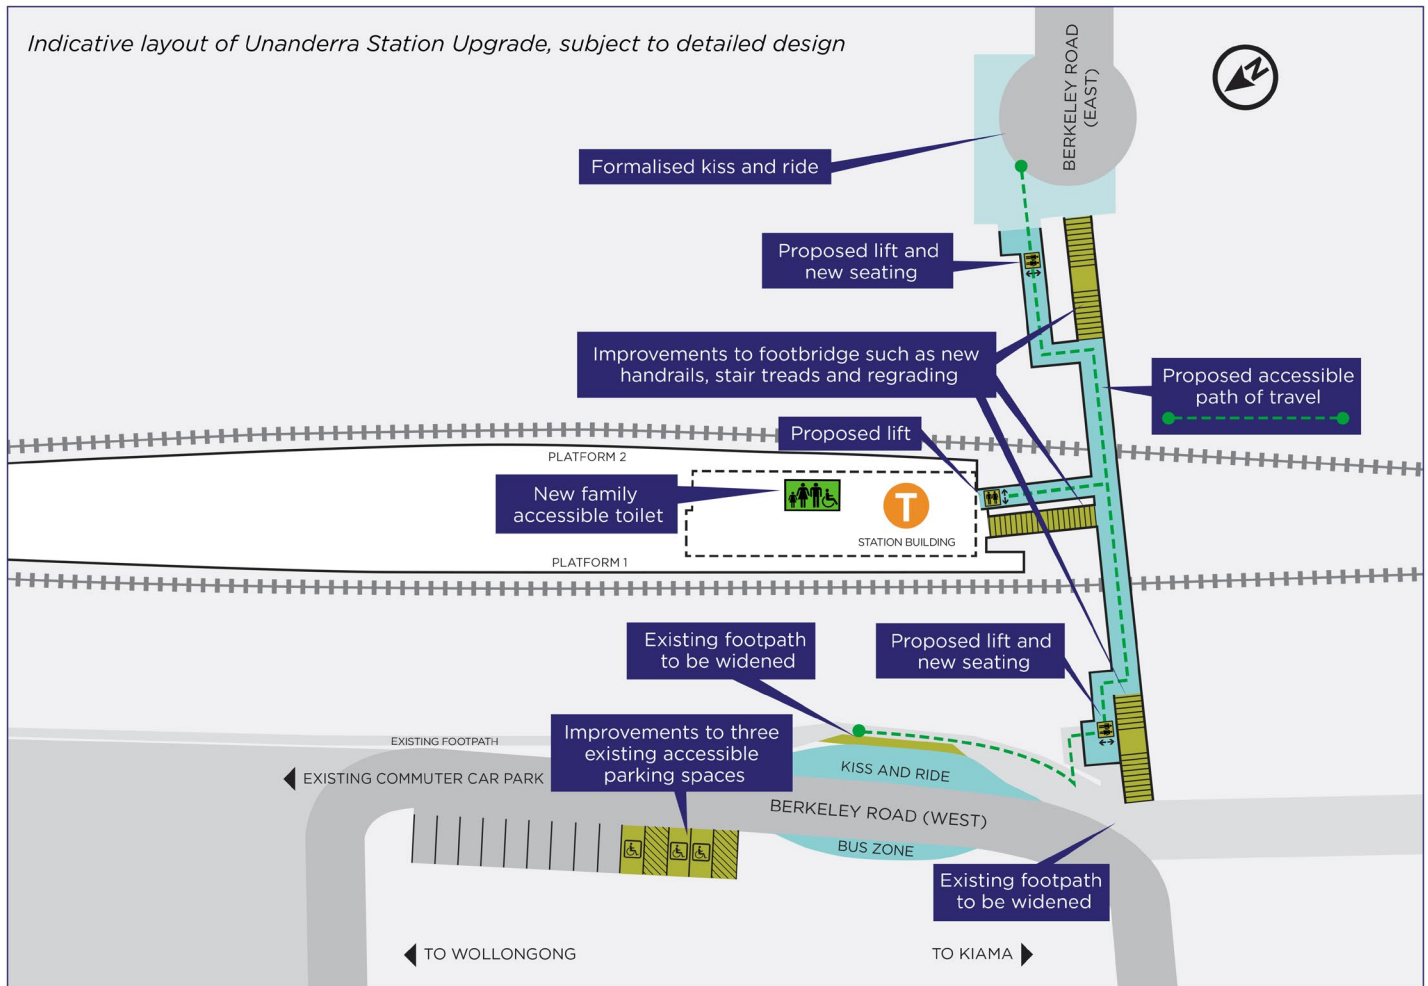

In March and April 2020, the community provided initial feedback on the Unanderra Station Upgrade concept designs.

Feedback on the project's Review of Environmental Factors will build on that early consultation, and will assist the project team to further develop the designs for the upgrade.

Indicative layout of Unanderra Station Upgrade, subject to detailed design

Why accessibility upgrades are needed at Unanderra Station

Unanderra Station does not currently meet the requirements of the federal Disability Standards for Accessible Public Transport 2002 (DSAPT).

As an operator of public transport under the Disability Discrimination Act 1992 (DDA), Transport for NSW is required to upgrade the station precinct to ensure equitable access is provided for all customers.

Review of Environmental Factors

The Review of Environmental Factors is a planning document outlining the proposed work, potential impacts and mitigation measures. The document includes comprehensive assessments on the existing environment and expected impacts of the project and proposed mitigation measures for things such as traffic and transport, biodiversity, noise and vibration, visual impacts and heritage.

Have your say

The Review of Environmental Factors is on public display from **20 July - 3 August 2020**. Community feedback is invited during this time.

To view the REF, please scan the QR code or visit:

- transport.nsw.gov.au/unanderra

Feedback can be submitted by:

- emailing projects@transport.nsw.gov.au
- completing the feedback form at www.transport.nsw.gov.au/unanderra
- writing to **Transport Access Program - Unanderra Station Upgrade**
Associate Director, Planning - Transport for NSW
Locked Bag 6501, St Leonards NSW 2065

Please provide your feedback by **5pm 3 August 2020**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.

For more information call **1800 684 490**
