

Transport Access Program

Wahroonga Station Upgrade

Project update

January 2021

Artist's impression of the Wahroonga Station Upgrade, subject to detailed design

Transport for NSW is upgrading Wahroonga Station to provide a station precinct that is accessible to those with a disability, limited mobility, parents/carers with prams and customers with luggage.

The upgrade is being delivered as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure across the state.

Site establishment and early work activities are currently underway with major construction due to commence in January 2021.

For more information call **1800 684 490**,
Email projects@transport.nsw.gov.au or visit www.transport.nsw.gov.au/wahroonga
For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

Upcoming work

Work will continue in January and includes:

- service and utility investigations
- relocation of electrical and communication services
- vegetation clearing and trimming
- piling work for the lift shaft.

Equipment to be used includes surveying equipment, vacuum trucks, concrete pumps, tipper trucks, excavators, cranes, light vehicles and hand tools.

Night work 25, 27 and 28 January 2021

For the safety of our workers, pedestrians and motorists, work will take place over 3 nights on **Monday 25, Wednesday 27 and Thursday 28 January 2021** between **6pm** and **7am**.

Some of this work will take place in the rail corridor and needs to be carried out during a scheduled Sydney Trains track work period when trains aren't running and the station is closed.

The work will include:

- delivery of plant and equipment to the work site
- excavation and water extraction at the location of the lift shaft
- service and utility investigations
- stockpiling materials
- concrete pouring.

Equipment to be used includes a vacuum truck, piling rigs, concrete pumps, mini loaders and hand tools. Please see the map below for the location of work areas.

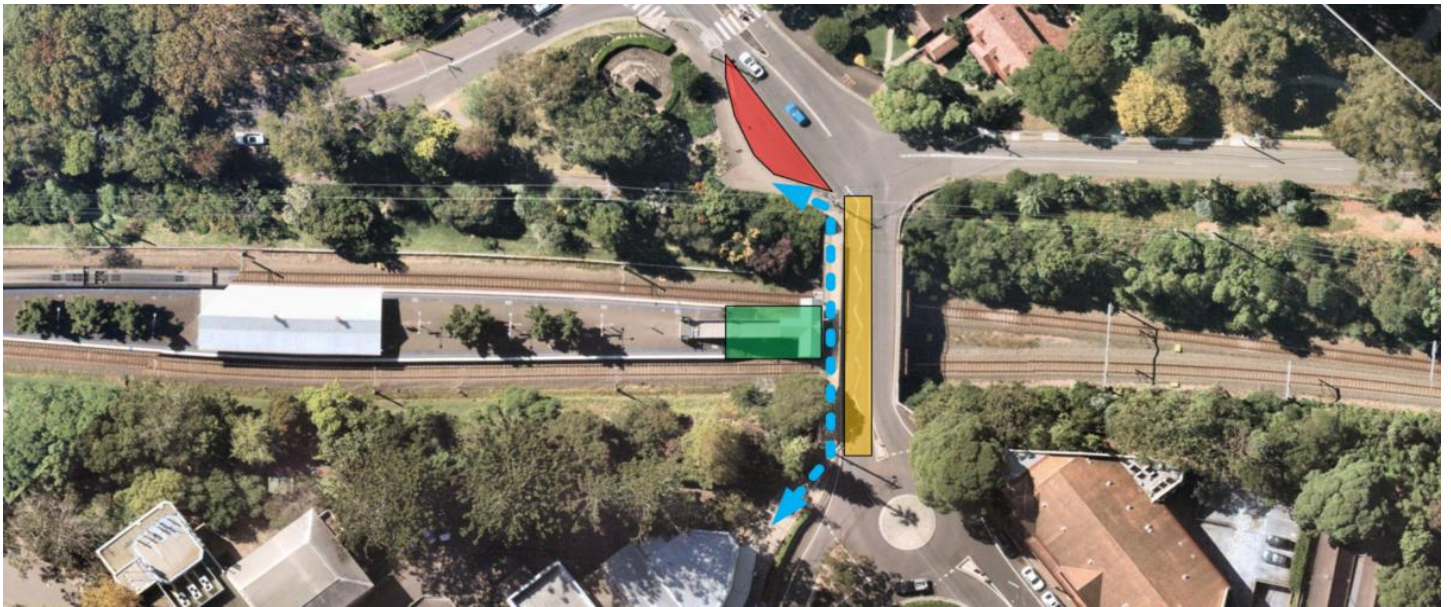

This work will be noisy at times. Wherever possible, measures to reduce noise will be implemented including turning equipment off when not in use, positioning equipment as far away from residences as possible, monitoring noise, using non-tonal reversing beepers and stopping work for respite periods.

We thank you for your patience during this important work.

Please visit www.transportnsw.info or call **131 500** for up to date information regarding service updates and replacement buses during this time.

Temporary changes for motorists and pedestrians

From 7pm to 5am on 25, 27 and 28 January, Redleaf Avenue Bridge will be temporarily reduced to one lane and the pedestrian footbridge will be partially closed. Traffic control and detour signage will be in place to assist pedestrians and motorists. We appreciate your patience and cooperation in following the directions of traffic controllers and signs.

Map of work locations

Wahroonga Station Upgrade Map	
	Piling work zone
	Concrete Pump location
	Lane closure for vacuum truck
	Pedestrian access to/from footbridge during the night works. Station will be close during night time.

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday, and 8am to 1pm on Saturdays**. For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.

Keep in touch

We will continue to keep the community informed with project updates. Further information is available on the project website www.transport.nsw.gov.au/wahroonga. If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on 1800 775 465.

Nearby Transport for NSW projects

Adjacent to the Wahroonga Station Upgrade, is the **Pacific Highway upgrade between Turramurra and Wahroonga Pinch Point Project**. In **December 2020**, work will continue to upgrade intersections along the Pacific Highway between Turramurra and Wahroonga. For more information, please visit www.rms.nsw.gov.au/projects/pacific-hwy-turramurra-wahroonga.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
