

Transport Access Program

Waratah Station Upgrade

Project Update

June 2020

June work

Construction on the Waratah Station Upgrade is progressing well, with upgrades to the station facilities and construction of the internal lift cabs, fencing and footpaths continuing throughout May.

Construction activities will continue in June and include:

- platform resurfacing
- upgrades to the existing stairs (Railway Terrace access to station)
- refurbishment of the Station Manager's building
- installation of new services to the station including power supply, drainage and communications
- work to complete the lift roof
- removal of temporary toilet facilities.

Equipment to be used includes elevated work platforms, mobile crane, concrete trucks, concrete pumps, excavators, power and hand tools.

The refurbished toilets on Platform 2 will re-open on Tuesday 9 June 2020.

Weekend work – Saturday 6 June until Monday 8 June 2020

Work will be carried out between **6am and 10pm** from **Saturday 6 June** until **Monday 8 June 2020**.

The work will involve a mobile crane and elevated work platform to complete the lift shaft roof and remove the temporary toilet facilities. An excavator will also be used to resurface the platforms and delivery trucks to remove work site barriers at the corner of Railway Terrace and Hanbury Street. Other equipment to be used includes power and hand tools.

The construction equipment will be positioned as far away from residential areas as possible with regular respite periods during noisy work.

This work will be carried out during a scheduled ARTC trackwork weekend when **train services don't operate** and the **station and footbridge is closed**.

For information about rail replacement buses during scheduled trackwork, please visit transportnsw.info or phone **131 500**.

Pedestrian and traffic detours

We will undertake work to construct the new landing and access to the stairway on the corner of Railway Terrace and Hanbury Street while the **pedestrian footbridge is closed** from **6am Saturday 6 June to 10pm Monday 8 June 2020**.

When the footbridge is closed, a temporary pedestrian detour will be in place via Railway Terrace and Platt Street. Please allow extra travel time. Traffic control and signage will be in place to help pedestrians and motorists with the temporary changes. See the map overleaf for more information.

Thank you for your patience while we carry out this work.

Night work – power supply upgrade

Night work will be carried out from **8pm to 5am** up to **two nights** between **Sunday 28 June and Sunday 5 July 2020**, to undertake power supply upgrades at the station.

The work will be carried out during a planned Ausgrid power interruption. Residents and businesses affected by the interruption will receive more information from Ausgrid about the timing of each planned power interruption.

Equipment to be used includes a small mobile crane, delivery trucks, elevated work platforms, power and hand tools.

The construction equipment will be positioned as far away from residential areas as possible with regular respite periods during noisy work.

Temporary changes to footpath on Station Street

To facilitate the power supply upgrade to Waratah Station, the footpath on the southern side of Station Street (near Waratah Park) will be temporarily closed while underground work is completed.

Until mid-June, pedestrians will be directed to follow a short diversion through Waratah Park. Please allow extra travel time. Signage will be in place to help pedestrians with the temporary changes. See the map below for more information.

For more information call **1800 684 490**.

Email projects@transport.nsw.gov.au or visit www.transport.nsw.gov.au/waratah

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

Temporary access changes – June 2020

Map legend:

-  Railway Terrace lift construction – barriers to be removed during June.
-  Three lifts under construction
-  Waratah Station pedestrian footbridge – **temporarily closed** during scheduled trackwork weekend 6-8 June 2020
-  Pedestrian detour via Railway Terrace and Platt Street while pedestrian footbridge is temporarily closed during scheduled trackwork weekend 6-8 June 2020
-  Pedestrian detour via Waratah Park until mid-June 2020.

Standard construction hours

Work will be carried out during standard construction hours, **7am to 6pm, Monday to Friday, and 8am to 1pm, Saturday.**

We will notify nearby residents and businesses in advance if we need to work outside these times.

Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: transport.nsw.gov.au/waratah.

For further information on the project, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
