

# Transport Access Program

## Waratah Station Upgrade

Project Update

May 2020

### May work

Construction on the Waratah Station Upgrade has progressed well, with upgrades to the station facilities and construction of the lifts continuing throughout April.

Construction will continue in May and will include:

- construction of a new footpath and garden planter box on Platt Street
- upgrades to the existing stairs and footbridge
- internal fit out of the new accessible station toilets
- installation of new fencing to both sides of the station
- installation of new services to the station including power supply, drainage and communications
- construction of the three internal lift cabs.

Equipment to be used includes elevated work platforms, concrete trucks, concrete pumps, excavators, power and hand tools.

## Temporary changes to footbridge and station stairs

To upgrade the existing stairs to the footbridge, new step treads, stair nosings and handrails will be installed during May 2020.

Work will be undertaken during the day outside of peak travel times with the assistance of traffic controllers to guide pedestrians using the stairs and footbridge.

See the map overleaf for more information.

## Temporary changes to footpath on Station Street

To facilitate the power supply upgrade to Waratah Station, the footpath on the southern side of Station Street (near Waratah Park) will be temporarily closed while underground work is completed.

From May 2020 for six weeks (weather permitting), pedestrians will be directed to follow a short diversion through Waratah Park.

Please allow extra travel time. Signage will be in place to help pedestrians with the temporary changes.

Thank you for your patience while we carry out this work.

See the map below for more information.

For more information call **1800 684 490**.

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

## Temporary access changes – May 2020

### Map legend:

-  Railway Terrace lift construction
-  Three lifts under construction
-  Waratah Station pedestrian footbridge and stairs – upgrade to handrails underway during the day outside peak hours. Please follow direction of traffic controllers
-  Temporary station toilets located on Platform 2
-  Pedestrian detour via Waratah Park.

## Toilet and waiting room closure

The toilets and waiting room on Platform 2 remain closed for refurbishment, but are expected to re-open in June 2020. Two temporary unisex toilets are located on Platform 2 at the rear of the existing building.

## Standard construction hours

Work will be carried out during standard construction hours, **7am to 6pm, Monday to Friday**, and **8am to 1pm, Saturday**.

We will notify nearby residents and businesses in advance if we need to work outside these times.

## Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: [transport.nsw.gov.au/waratah](http://transport.nsw.gov.au/waratah).

For further information on the project, please call the Project Infoline on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
