

Commuter Car Park Program Warwick Farm

Artist's impression of the additional parking at Warwick Farm Station, subject to planning approval and detailed design

More commuter car parking is coming to Warwick Farm Station

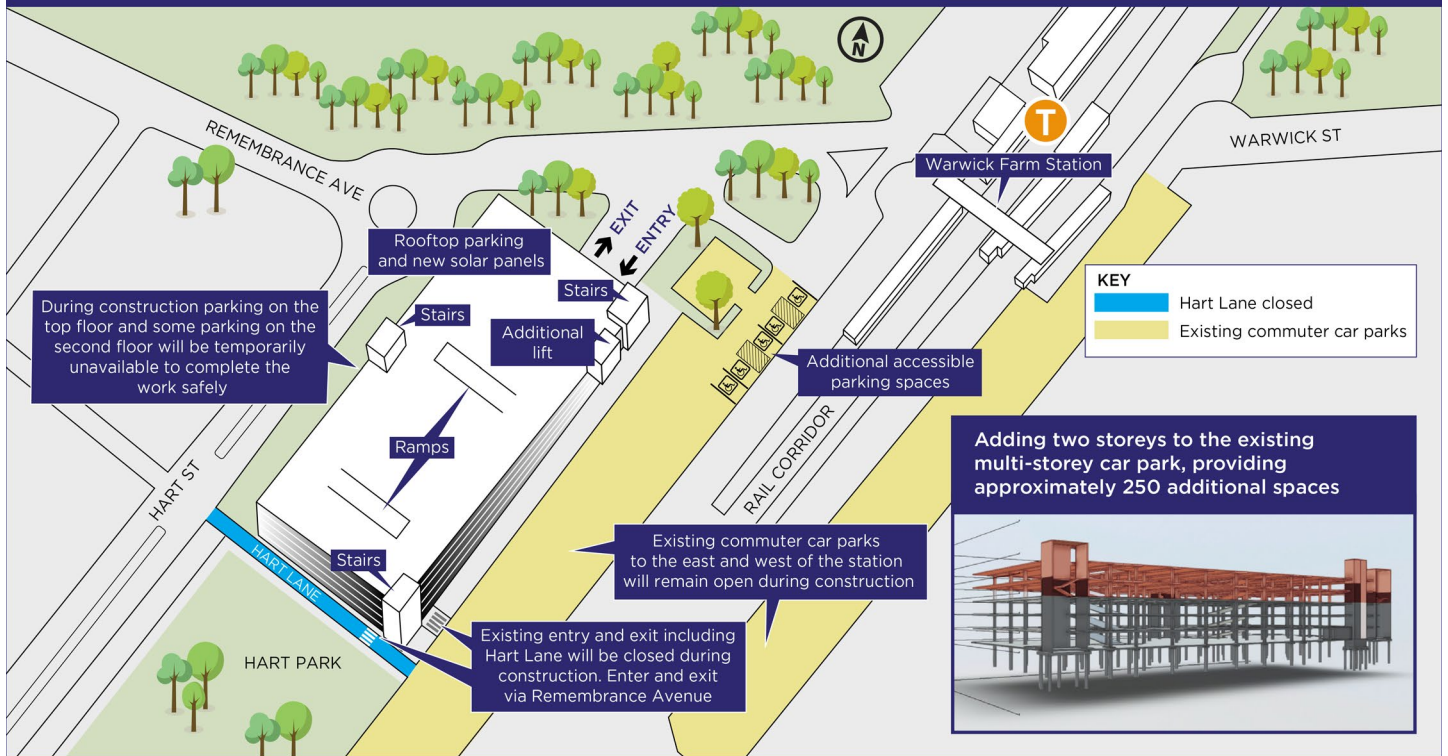

Planning is underway to deliver additional commuter car parking spaces at Warwick Farm to provide you with more convenient access to public transport and help ease congestion on our roads.

Key features of the proposal include:

- adding two storeys to the existing multi-storey car park, providing approximately 250 additional spaces
- a new lift and extension of the existing lift
- additional accessible parking spaces close to the station
- solar panels on the rooftop level
- provision for future electric vehicle charging spaces
- motorcycle parking bays
- a new footpath through Hart Park to improve connectivity to the station
- CCTV, lighting and wayfinding signage for improved safety and security.

Subject to planning approval, construction of the project is planned to begin in early 2021 and is expected to be completed by early 2022.

Key features of the proposed Warwick Farm Commuter Car Park

Parking during construction

During construction, the top floor of the existing multi-storey car park will close for approximately 6 months in order to complete the work safely. Some parking spaces on the second floor may also be temporarily unavailable. Existing commuter car parks east of the station off Warwick Street and west of the station off Remembrance Avenue will remain open during construction.

Provide your feedback

We invite you to visit transport.nsw.gov.au/warwickfarm to view the plans for the project and provide your feedback. Your input will help to inform the planning approval process and will also be considered during the detailed design of the project. You can provide your comments by completing the online feedback form, emailing projects@transport.nsw.gov.au or calling 1800 684 490. Please provide your feedback by **Sunday 25 October**.

Keeping you up to date

We will continue to keep you informed about the project through notifications to customers, local residents and businesses and frequent updates published on our website.

If you would like to sign up to receive regular project updates via email, please email projects@transport.nsw.gov.au.

Commuter Car Park Program

The Commuter Car Park Program is a NSW Government initiative to provide you with more convenient access to public transport at key transport interchanges, and help ease congestion on our roads. We have already delivered more than 10,000 commuter car spaces across Sydney since 2011, with around 8,000 additional spaces on the way.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
