## Edgecliff Replacement of overhead wiring structures

From Saturday 27 November to Sunday 28 November

### What we're doing

Sydney Trains is replacing the overhead wiring structures on Eastern Suburbs lines in the rail corridor between Rushcutters Bay and Edgecliff station. These works will take place from 5am Saturday 27 November to 10pm Sunday 28 November.

To improve service reliability, we are carrying out:

- Modernisation of overhead wiring.

### How this affects you

#### Noise

- These works may create additional noise during the day and night over the weekend.
- **Work will take place around the clock from 5am Saturday 27 November to 10pm Sunday 28 November.**
- Equipment may be delivered to the worksite outside the above times. Some deliveries may occur at night due to travel restrictions on large vehicles.
- Finishing works may take place following this period, including the removal of equipment.

#### Traffic and Parking

- Heavy vehicles will use local streets to access the rail corridor.
- While we will park our vehicles inside the rail corridor where possible, please be aware that on-street parking may be limited near worksite.
- Traffic controllers will be on duty to assist motorists and pedestrians throughout the duration of the works.

**We apologise for any inconvenience and thank you for your cooperation during these essential works.**
