

Digital Systems Program

Sutherland to Cronulla

COMMUNITY NOTIFICATION

September 2021

Transport for NSW (TfNSW) is rolling out new technology to upgrade Sydney's rail network and introducing modern signalling as part of the Digital Systems Program.

Part of 'More Trains, More Services', the Digital Systems Program will replace current signalling and train control technology with modern, internationally proven, intelligent systems. It will help improve reliability and increase capacity on Sydney's railways once implemented widely across the network.

Project overview

Initial work will involve installing new track infrastructure along the Cronulla branch of the Illawarra line from Sutherland to Cronulla.

Weekend work – Saturday 11 September to Sunday 12 September 2021

From **6am Saturday 11 September to 10pm Sunday 12 September**, works are planned during a Sydney Trains scheduled trackwork weekend. These construction works are permitted under current Covid19-related NSW Public Health Orders.

Work activities will include cable pulling and installation, excavation and stockpile works. **The work in your area will not be continuous. Every effort will be made to keep noisy works to a minimum and to reduce impacts to the community wherever possible.**

The works will be undertaken along the rail corridor at the following locations:

- Cronulla to Woolooware
- Caringbah
- Miranda to GyMEA.

What equipment will be used?

Equipment will include excavators, vacuum trucks, powered hand tools, construction vehicles and lighting towers.

What you may notice

Transport for NSW is committed to minimising noise impacts on the community. We switch off equipment when it is not being used, place equipment as far away from properties as possible and monitor our work activities to make sure noise levels are being managed effectively.

To ensure the safety of our customers and staff, this work will be completed during a scheduled Sydney Trains trackwork weekend. Train services will be affected during weekend work. Please contact Transport Info on **131 500** or visit **transportnsw.info** for information about replacement bus services.
