

# Transport Access Program

## Faulconbridge Station Upgrade

Project update

March 2021

### Upcoming work in March

The upgrade to Faulconbridge Station is progressing well. Construction activities in March will include:

- upgrading the ramp between the footbridge and Railway Avenue commuter car park
- upgrading of the accessible parking spaces and kiss and ride zone
- installing lift components and connection of lift services
- landscaping and platform resurfacing
- installing stair edge nosings
- installing platform tactiles
- removal of temporary site compounds.

Equipment to be used during this work will include excavators, compactors, mobile cranes, elevated work platforms, delivery/concrete trucks, power and hand held tools.

### Temporary closure of single parking spaces – commuter car park

During March there will be **intermittent single car space closures** within the commuter car park as new light posts are installed. A single car space will be closed for up to 24 hours at a time using temporary bollards. Signage will be in place to assist customers with this change.

## Temporary traffic changes – Great Western Highway

During March there will be **intermittent single lane road closures** on **Great Western Highway (westbound)** near Faulconbridge Station. The intermittent closures will take place between **Monday and Friday** from **10am to 2pm** to accommodate large construction vehicles. Traffic control and signage will be in place to help pedestrians and motorists with the traffic changes.

## Temporary access changes – between footbridge and commuter car park

Work continues in March to upgrade the ramp between the footbridge and Railway Avenue commuter car park. This includes construction of the new concrete footpath/ramp and installation of lighting to the ramp and carpark. Pedestrian and vehicle access will be maintained at all times.

## Standard construction hours

**Our construction hours are now 7am to 6pm every day, including public holidays.**

We understand extending construction hours to weekends and public holidays may cause disruption for the community and all efforts will be made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

## Keep in touch

If you would like to be added to the project distribution email list, or for more information on Faulconbridge Station Upgrade please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

Thank you for your patience and support during this important work.
