

Transport Access Program

Goulburn Station Upgrade

Project update

February 2021

The NSW Government is improving accessibility at Goulburn Station

Transport for NSW is improving accessibility at Goulburn Station. The upgrade will provide a station precinct that is accessible to people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

Upcoming work

Work activities in February include:

- upgrading the male and female toilet facilities to include two new ambulant toilets
- intermittent regrading of two sections of the southern footpath in the station forecourt
- installation of two new accessible parking spaces in the southern commuter car park

Equipment being used during this period will include excavation equipment, various construction vehicles and hand held tools. Customer journeys will not be impacted by this work.

Changes to toilet facilities

Construction activities on the station toilet facilities will continue in February. Upon the completion of the male toilet reconfiguration, **the female toilet will be closed from Friday 19 February for approximately two weeks**. During this time, **the newly upgraded male toilet will be used as a unisex facility**. Station staff will be on site to assist with customer queries during this time.

For more information call **1800 684 490**,

Access changes from Monday 1 February 2021

From **Monday 1 February 2021**, the first section of the southern footpath will remain closed and the southern commuter car park **will be temporarily closed for up to three weeks**. This is to allow for an accessibility upgrade to the footpath and to convert three car spaces into two new accessible car spaces.

During this time pedestrian access to the station will be **via the northern entrance to the station**. Please refer to the map below.

Signage will be in place around the station to assist customers with this change, and traffic control when required.

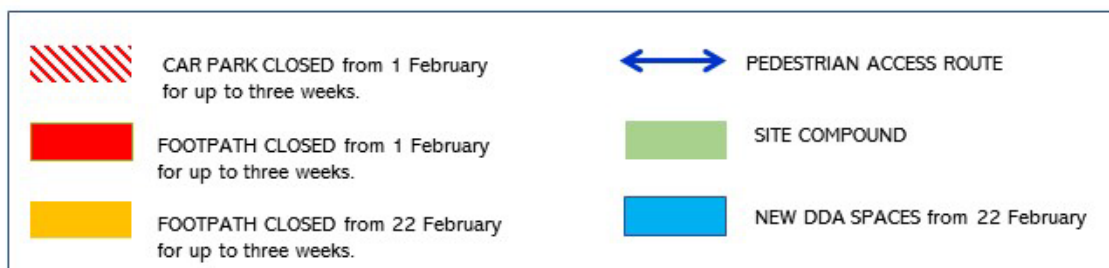

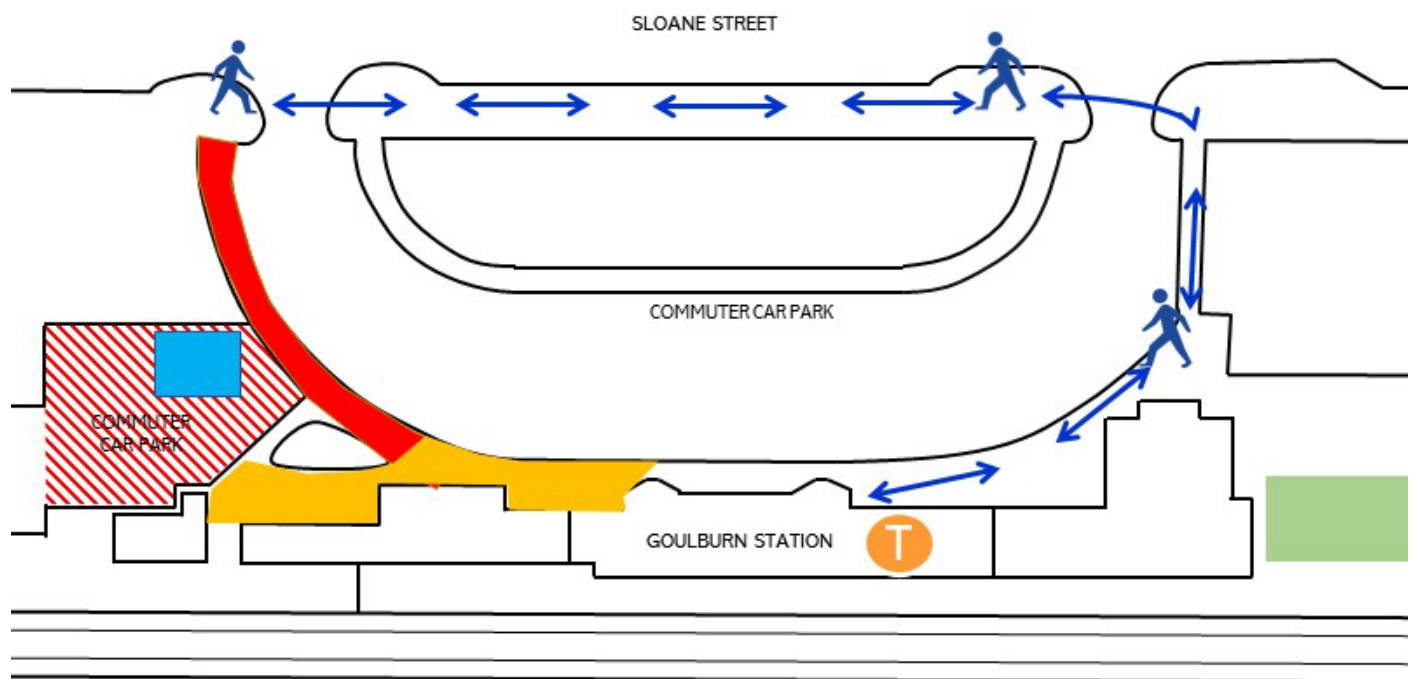

Access changes from Monday 22 February 2021

From **Monday 22 February**, the next section of the southern footpath **will be closed for up to three weeks**. This is to allow for an accessibility upgrade to the footpath.

Pedestrian access to the station will remain **via the northern entrance to the station**. Please refer to the map below.

Signage will be in place around the station to assist customers with this change, and traffic control when required.

Map of access changes

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**. We will notify nearby residents and businesses in advance if we need to work outside these times.

Thank you for your patience as work continues on important transport infrastructure across NSW.

Keep the community informed

Transport for NSW is committed to keeping the community informed throughout the delivery of the project. You can stay informed via regular updates to the project website transport.nsw.gov.au/goulburn. We will also keep the community informed via regular newsletters and signage.

For further information on the project or to receive project updates via email, please call the Project Infoline on 1800 684 490 or email projects@transport.nsw.gov.au. For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
