

Vegetation removal on Glossop Street, St Marys

Works are underway by Transport for NSW (TfNSW) to widen the northbound carriageway on Glossop Street from two lanes to three, between Phillip Street and Hobart Street in St Marys. This work will provide a dedicated left turn slip lane to improve access into the rail corridor for maintenance and construction vehicles for the Sydney Metro – Western Sydney Airport.

What happens next?

We will be removing three trees at the eastern end of Chesham Street park, adjacent to Glossop Street (**see map right**). The tree removal is necessary for the road widening. An arborist will be on site to monitor the vegetation removal along with a foreman and leading hand to ensure all activities occur within the defined area.

These works are in line with the current Public Health Orders and a COVIDSafe plan is in place. Please note the evolving situation with COVID may impact our planned dates of work and require some scheduling flexibility.

How will the work affect you?

Chainsaws and hand held tools will be used to remove the trees that will be mulched in the site compound. Wherever possible, measures to reduce noise will be implemented, including turning off equipment when not in use, placing equipment as far away from properties as possible and monitoring our work activities to make sure noise levels are being managed effectively.

Our work schedule

Work will take place from **7am to 6pm on Wednesday 22 September 2021**. The work will take 1 day to complete, weather permitting.

There will be no impacts to traffic while the trees are removed. For traffic updates, please call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our project team, on **1800 313 041** or westernsydney@transport.nsw.gov.au

Thank you for your patience during this important work.

This document contains important information about transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
