

Commuter Car Park Program

Leppington

Project update

May 2021

Construction progress on the new multi-storey car park at Leppington, April 2021

Transport for NSW is delivering a multi-storey car park with approximately 1,000 additional parking spaces at Leppington Station to provide you with more convenient access to public transport and reduce congestion on our roads.

The new multi-storey car park is expected to be open to customers in mid-2021.

Progress update

In April, level four concrete slabs were completed and blockwork, services fit off, painting and façade panel installation commenced. The concrete tower boom was removed and additional scaffolding was installed to higher levels to enable pouring of the stairs and lift overruns.

Upcoming construction work

During May, the following work will occur on the new multi-storey car park:

- Completion of concrete columns, stairs and lift overruns
- Removal of a tower crane
- Preparation for roofing works
- Façade panel installation
- Installation of structural steel
- Services fit-off
- Glazing and lift installation
- Stormwater works completion
- Further fit-out trades will commence on site

Update to standard construction hours

Standard construction hours are now **7am to 6pm Monday to Sunday**. This is to facilitate social distancing on construction sites and support the health and wellbeing of workers.
