

Transport Access Program

Niagara Park Station Upgrade

Project Update

October 2021

Upcoming work

Finishing work at the station will be carried out over the coming weeks. This includes construction of the Boarding Assistance Zone canopy on the island platform, which was unable to be carried out during the completion stage of the station upgrade. Work will start in October and will be completed in March 2022 across two scheduled track work weekends when trains are not operating.

Work will be carried out between **7am** and **6pm** from **Wednesday 27 October** to **Wednesday 3 November** and will involve:

- site establishment of a temporary construction compound within the Kathleen Morreau Road commuter car park.

Work will be carried out between **7am** and **6pm** on **Saturday 30 October** and between **8am** and **6pm** on **Sunday 31 October**. Out of hours work will be carried out between **6pm** and **9pm** on **Saturday 30 October**. The work will involve:

- excavating old foundations and installing new foundations for the new platform canopy
- installing underground electrical services to support the canopy lighting and security system
- resurfacing the platform once all excavations are complete.

Equipment to be used during this work includes excavators, dump truck, concrete pump, roller, delivery and concrete trucks, surveying equipment, power and hand held tools.

Temporary parking changes - Kathleen Morreau Road commuter car park

Approximately four car spaces will be temporarily closed from **Wednesday 27 October** to **Wednesday 3 November**, to allow for the temporary construction compound at the station. The remaining spaces will continue to be available for customers to use.

Extended standard construction hours

Standard construction hours are now between **7am** to **6pm every day**. This is to facilitate physical distancing on construction sites and support the health and wellbeing of workers. We will notify nearby residents and businesses in advance if we need to work outside these times.

Keeping the community informed

For further information on the project, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au. For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
