

# Transport Access Program

## Oatley Station Works

**Project update**

**February 2021**

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

The Oatley Station Upgrade was completed and opened to the public in early 2017.

Maintenance work to the footbridge, including repainting and weatherproofing are required.

### **Weekend work – 20 to 21 February 2021**

From **6am Saturday 20 February until 8pm Sunday 21 February 2021** work will take place at Oatley Station. For the safety of customers, workers and the community, this work will be carried out during a scheduled Sydney Trains track work period when trains are not running.

Work will include repainting sections of the footbridge.

The footbridge will be closed during this time to facilitate the work. Cross-corridor access via the River Road underpass will remain available.

This work will be noisy at times. Wherever possible measures to reduce noise will be implemented including scheduling noisy work during daytime hours, turning off vehicles and equipment when not in use, monitoring noise and using non-tonal reversing beepers.

We apologise for the inconvenience and thank you for your patience during this important work.

Please visit [www.transportnsw.info](http://www.transportnsw.info) or call 131 500 for up to date information regarding service updates and replacement buses during this time.
