

Transport Access Program

Ourimbah Station Upgrade

Project Update

August 2021

Upcoming work

Construction activities at the station will continue in August including:

- finishing work to station precinct including landscaping, wayfinding, painting and cleaning work
- electrical upgrade works including new CCTV cameras and improved lighting

Equipment to be used during this work includes surveying equipment and small power and hand held tools.

Extended standard construction hours

Standard construction hours are now **7am to 6pm every day**. This is to facilitate social distancing on construction sites and support the health and wellbeing of workers.

For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.

This work schedule may be subject to change due to NSW public health orders.

Keeping the community informed

The community will be kept informed about the project, including upcoming work via notifications that will be distributed to nearby residents. Information on the project is also available on the project web page transport.nsw.gov.au/ourimbah

For further information on the project, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.

For more information call 1800 684 490.
