

Transport Access Program

Petersham Station Upgrade

Community notification

July 2021

Project update

Construction for the Petersham Station Upgrade is progressing with continued upgrades to the Trafalgar and Terminus Street station entrances, and station platforms. In July, work activities will include:

- upgrade to electrical and communication services on the platform
- installation of the internal lift cars
- finishing work on the new lift shafts, lobby area, canopy landings and platform building
- pavement work and installation of seating and signs on Terminus and Trafalgar Streets
- concrete works along Terminus Street heritage wall
- road works and installation of new pram ramps on Terminus Street.

Equipment to be used includes excavators, tipper and delivery trucks, concrete pumps, concrete trucks, truck-mounted crane, power and hand tools.

Above: Continued work on the new lift shafts at Petersham Station in June

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

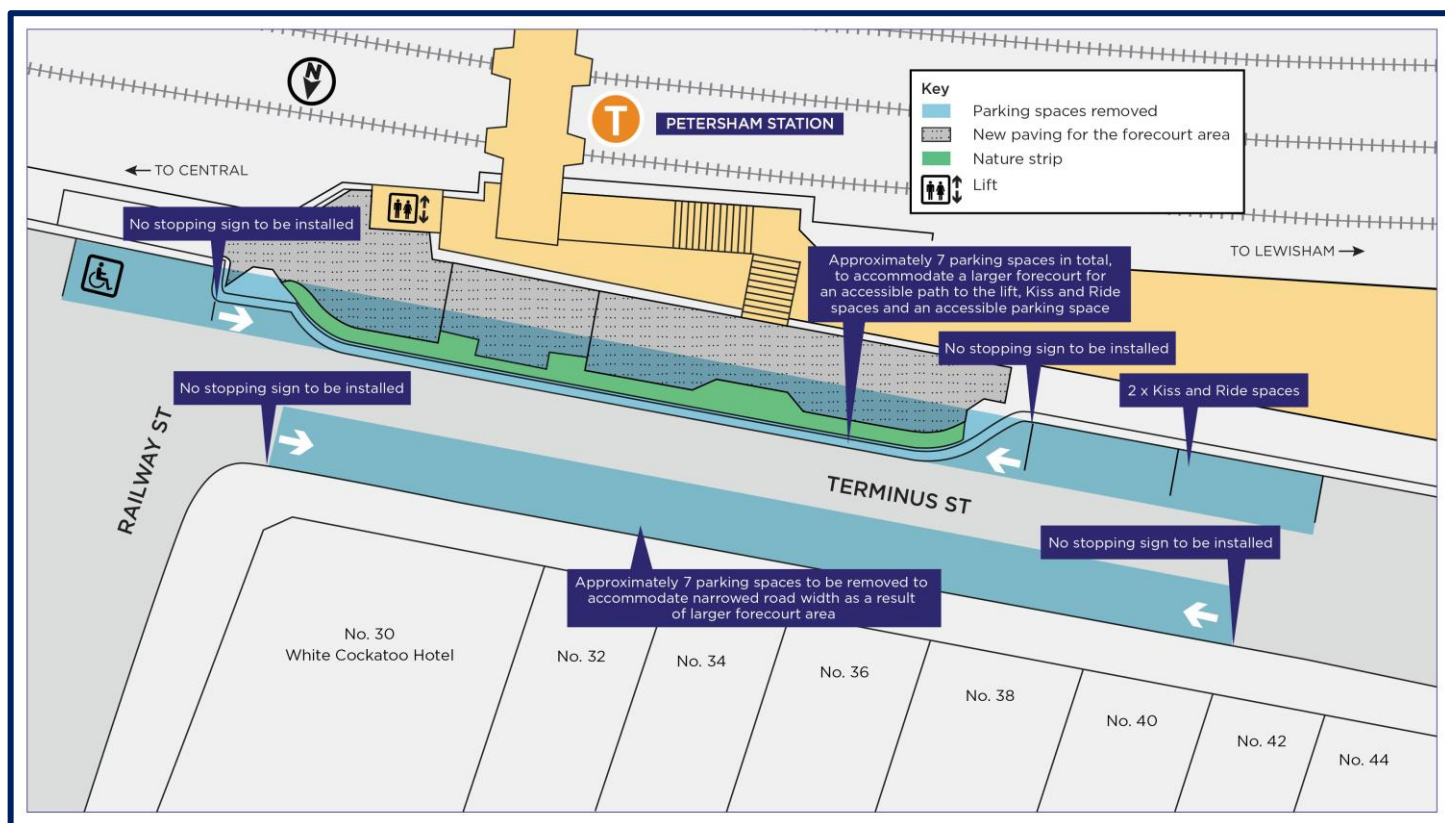

Parking changes on Terminus Street

We are putting in the final touches to complete the new station forecourt on Terminus Street. **Approximately 7 parking spaces will be removed on the station side** to enable the extension of the new station forecourt on Terminus Street, providing an accessible path of travel to the new lift from the new accessible parking space and Kiss and Ride spaces.

Approximately 7 parking spaces on Terminus Street, opposite the station entrance will also be removed to ensure two-way traffic can be maintained along Terminus Street.

'No Stopping' signs will be installed at these locations to ensure the safe passage of vehicles on Terminus Street. Please refer to the map on the following page for more information.

We will notify the community prior to implementing these parking changes.

Construction hours

To support the construction industry and continue the delivery of important infrastructure, the NSW Government has introduced new rules allowing construction sites to operate on weekends and public holidays.

Standard construction hours are from 7am to 6pm every day, including public holidays. These changes have been made to facilitate physical distancing on construction sites and support the health and wellbeing of workers.

We understand extending construction hours to include weekends and public holidays may cause disruption, but all efforts will be made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to. If you experience unacceptable noise, please call **1800 775 465**.

Keep in touch

If you would like to be added to the project distribution email list, or for more information on the Petersham Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
