

Transport Access Program

Point Clare Station Upgrade

Have your say

Artist's impression of the proposed Point Clare Station Upgrade, subject to detailed design

The NSW Government is improving accessibility at Point Clare Station

Planning is currently underway to improve accessibility at the station. The community is invited to provide feedback on the Review of Environmental Factors (REF) from **Wednesday 17 February until Wednesday 3 March 2021**. Feedback will help us understand what is important to customers and the community.

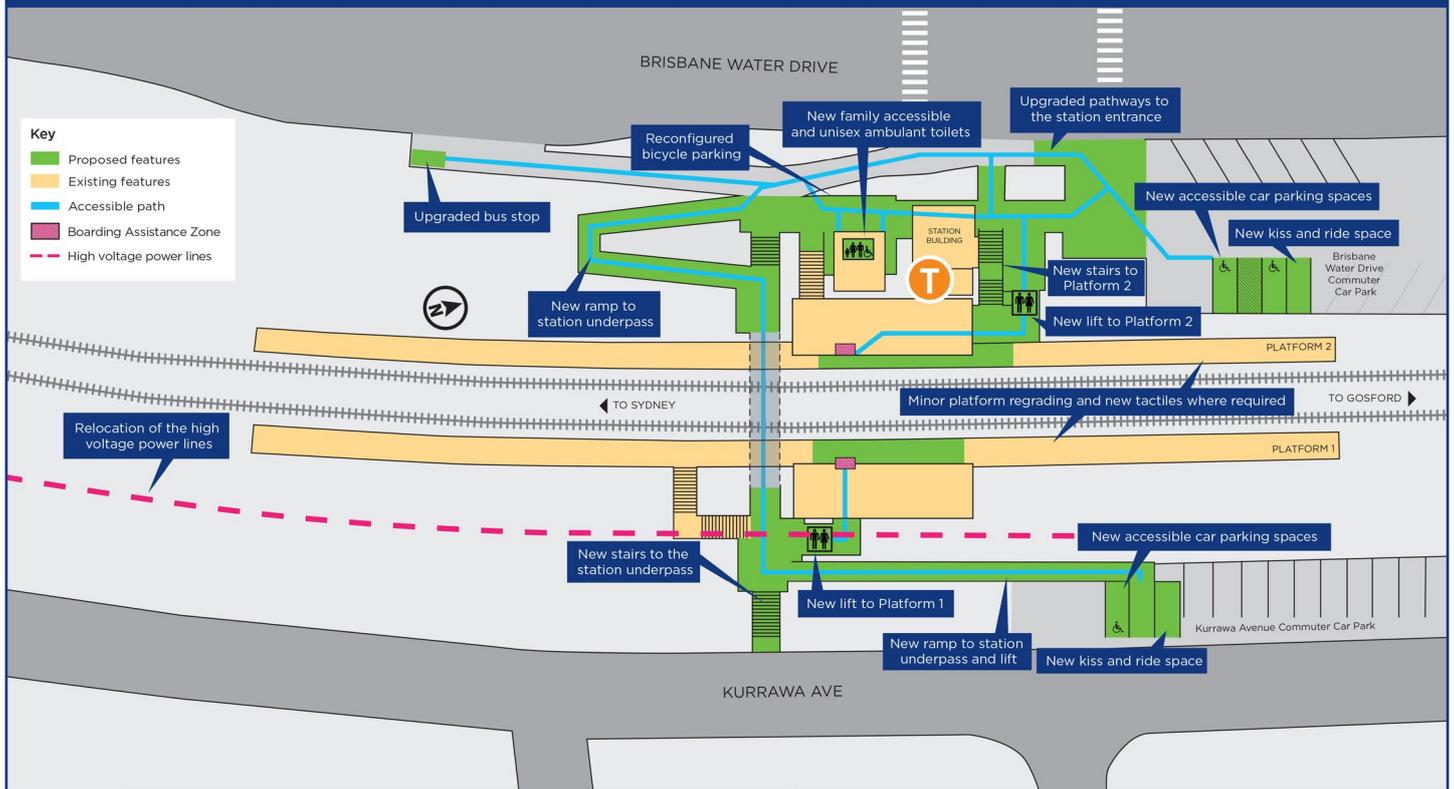

Key features of the proposed upgrade include:

- two new lifts connecting each platform to the commuter car parks
- new stairs from Brisbane Water Drive to Platform 2
- new ramps on Brisbane Water Drive and Kurrawa Avenue to connect to the station underpass
- new stairs from Kurrawa Avenue entry to the station underpass
- two new accessible parking spaces and a kiss and ride space in the Brisbane Water Drive commuter car park
- one new accessible parking space and a kiss and ride space in the Kurrawa Avenue commuter car park
- upgrade pathways around the station precinct
- upgraded bus stop waiting area including seating and tactiles on Brisbane Water Drive
- upgrade the existing toilets to provide a new family accessible toilet and a new unisex ambulant toilet
- minor platform regrading and installation of new tactiles where required
- reconfigured bicycle parking on Brisbane Water Drive
- improvements to lighting, electricity supply, wayfinding and CCTV.

Key features of the proposed Point Clare Station Upgrade

Indicative layout of Point Clare Station Upgrade, subject to detailed design

Have your say

The REF is on public display until **5pm Wednesday 3 March 2021**, and community feedback is invited during this time.

To view the REF, please scan the QR code or visit:

• transport.nsw.gov.au/pointclare

Feedback can be provided by:

- emailing projects@transport.nsw.gov.au
- completing the feedback form at www.transport.nsw.gov.au/pointclare
- mailing **Transport Access Program – Point Clare**
Associate Director Environmental Impact Assessment
Transport for NSW
PO Box K659 Haymarket NSW 1240

Your feedback will help Transport for NSW understand what is important to customers and the community.

Previous community feedback

In November 2020, the community was invited to provide feedback on the Point Clare Station Upgrade concept designs.

Key themes that emerged were:

- support for the Proposal
- feedback about toilet opening times
- requests for sheltered bicycle storage
- requests to upgrade the temporary station master building on Brisbane Water Drive
- feedback about landscaping and design elements
- requests for additional features such as canopies, commuter parking and road upgrades

Feedback on the project's REF will build on this early consultation, and will assist the project team to further develop the designs for the upgrade.

Thank you to everyone who provided initial feedback.

Transport Access Program

This project is being delivered as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Next steps

Subject to planning approval, construction is expected to commence in mid 2021 and take up to 18 months to complete.

Transport for NSW develops initial concept design options for the project, including identification and consideration of environmental constraints, risks and opportunities.

Transport for NSW conducts early engagement with identified stakeholders to obtain preliminary public feedback on the concept design.

We are here

Transport for NSW prepares a Review of Environmental Factors (REF) for public display and invites submissions.

Transport for NSW assesses and responds to feedback and prepares a submission report/determination report with proposed conditions to minimise environmental impacts.

Transport for NSW determines the Proposal.
Conditions of Approval made available on Transport for NSW website.

Construction commences subject to compliance with conditions.

Review of Environmental Factors

The Review of Environmental Factors (REF) is a planning document outlining the proposed work, potential impacts and mitigation measures. The document includes comprehensive assessments on the existing environment and potential impacts of the project on the following areas including traffic and transport, biodiversity, heritage, noise and vibration and visual impacts.

COVID-19 social distancing measures

Under normal circumstances Transport for NSW would hold community information sessions at the station. Due to COVID-19 social distancing measures we are available by phone and email and look forward to hearing your questions and feedback that way. If you have any questions, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
