

Redfern Station Upgrade

New Southern Concourse

COMMUNITY NOTIFICATION

January – February 2021

The Redfern Station Upgrade – New Southern Concourse will make it easier for all customers to access Redfern Station, improve customer experience and movement, relieve congestion at the station and improve connections to key destinations and surrounding areas. This project is the first stage in renewing the Redfern North Eveleigh Precinct.

Site Compound Establishment – North Eveleigh

A site compound will be established within rail land at North Eveleigh, between Carriageworks and Little Eveleigh Street, for the duration of the Redfern Station Upgrade project. Commencing **Monday 18 January**, we will prepare for the delivery of the temporary site sheds that will form the site compound.

There will be around 20 large trucks delivering the shed components via Carriageworks Way. Due to travel restrictions on large loads, deliveries may be at night, subject to approval. If this occurs, the trucks will arrive at night and park until the next morning when removal of the sheds from the trucks will commence during standard construction hours of 7am to 6pm Monday to Friday and 8am to 6pm Saturday.

Equipment to be used to deliver the sheds and construct the compound includes a crane, semi-trailers, flatbed crane trucks, work vehicles, hand and power tools.
