

Transport Access Program

Roseville Station Upgrade

Project update

February 2021

Transport for NSW is upgrading Roseville Station to make it easier to access, especially for people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

Upcoming work

Work will continue in February and includes:

- installation of scaffolding at the Hill Street Station entrance for concrete work on the new lift
- excavation and construction of retaining walls for an electrical transformer on Hill Street
- refurbishment of bridge footings on Hill Street
- installation of services in the rail corridor
- refurbishment of the station building in preparation for the new family accessible toilet
- service relocations and utility work throughout the station precinct
- ongoing construction of the lift pit on the station platforms
- excavation and construction of retaining walls at the Pacific Highway entrance.

For more information call **1800 684 490**,

Email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/Roseville

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**.

Equipment to be used includes trucks, scaffolding, concrete truck and pump, tipper truck, excavator with jackhammer attachment and hand tools.

Traffic control will be in place intermittently to maintain safe pedestrian and vehicle access around the work site. There may be temporary changes to traffic flow and parking on Hill Street and Pacific Highway which will be managed by traffic control and signage, where required.

Temporary pedestrian access and parking changes

From **18 January to mid-March 2021**, pedestrian diversions will be in place to allow for the safe excavation and construction of retaining walls, ground resurfacing and landscaping work at the Pacific Highway station entrance. Pedestrian access will be maintained at all times via a temporary pedestrian ramp while the work is carried out.

The footpath alongside the station on Hill Street will be closed intermittently between Lord Street and Bancroft Avenue to allow for the safe and efficient construction of the new lift. Closures will be in place until mid-2021.

A temporary pedestrian crossing has been installed near Bancroft Avenue to assist pedestrians to safely cross the road while footpath closures are in place.

Two parking spaces on each corner of the temporary pedestrian crossing on Hill Street will be unavailable until mid-2021 for the safety of pedestrians and motorists.

Three parking spaces near the Hill Street station entrance will be temporarily closed until mid-2021 to allow for the safe and efficient construction of the new lift. During this time, the taxi zone and kiss and ride zone will be temporarily relocated to the other side of the station entry (opposite Roseville Pharmacy).

Location Map

Roseville Station pedestrian changes on Hill Street until mid-2021

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

For the safety of customers and the community, some work will be completed outside standard construction hours. Nearby residents and businesses will be notified before any work outside these hours takes place.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent online updates published to the project website www.transport.nsw.gov.au/roseville.

If you would like to be added to the project distribution list, or for more information on the Roseville Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
