

Transport Access Program

Roseville Station Upgrade

Project update

July 2021

Aerial view of work being completed at Roseville Station during June 2021

Transport for NSW is upgrading Roseville Station to make it easier to access, especially for people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

Upcoming work

Work will continue in July and includes:

- installation of new canopies on the station platform and at the Hill Street entrance
- installation of anti-throw screens on the pedestrian footbridge
- maintenance of the pedestrian footbridge supports
- completion of works in the station building
- landscaping and paving work along Hill Street
- resurfacing and new tactiles on the station platforms.

Equipment to be used includes trucks, scaffolding, concrete truck and pump, tipper truck, excavator with breaker and hand tools.

Weekend work in July 2021

From **6pm on Friday 2 July** to **5am on Monday 5 July 2021**, and from **6pm Friday 9 July** to **5am Monday 12 July 2021** work will take place continuously during Sydney Trains trackwork weekends, when trains are not running.

Work will take place in the rail corridor, at the station, and on Hill Street, and includes:

- resurfacing of the station platform and the installation of new tactiles
- installation of new canopies on the station platform and adjoining the new lift on Hill Street
- installation of anti-throw screens on the pedestrian footbridge

Equipment to be used includes trucks, cranes, elevated work platform, excavators, lighting towers and hand tools.

Traffic control and signage will be in place to assist pedestrians and motorists around the work area when required. The work activities will be noisy at times. We apologise for the inconvenience and will minimise the impact by turning off vehicles and equipment when not in use, monitoring noise levels, using non-tonal reversing beepers and acoustic barriers. Lighting towers will be solar powered to further reduce noise.

Access changes during weekend work

To carry out this work safely, temporary access changes will be in place throughout the weekend. Traffic controllers and signage will be in place to assist motorists and pedestrians.

Temporary parking changes

- Parking will be unavailable on the station side of Hill Street from 6pm Thursday 1 July and 6pm Thursday 8 July to allow deliveries of machinery and equipment.

Pedestrian access changes

- The footbridge and station will be closed from **2am Saturday 3 July** to **4am on Monday 5 July 2021** and from **2am Saturday 10 July** to **4am Monday 12 July 2021**. A pedestrian detour will be in place via Clanville Road. Signage will be in place to direct pedestrians. A map showing these changes is provided over the page.
- Pedestrian access to businesses on Hill Street will be maintained at all times.

Pedestrian access changes from 2am Saturday 3 July to 4am on Monday 5 July 2021 and from 2am Saturday 10 July to 4am Monday 12 July 2021

Ongoing temporary pedestrian and parking changes

The footpath alongside the station side of Hill Street remains closed intermittently between Lord Street and Bancroft Avenue to allow for the safe and efficient construction of the new lift. A temporary pedestrian crossing has been installed near Bancroft Avenue to assist pedestrians to safely cross the road while footpath closures are in place. Closures will be in place until August 2021.

Two parking spaces on each corner of the temporary pedestrian crossing on Hill Street remain unavailable until mid-2021 for the safety of pedestrians and motorists. Three parking spaces near the Hill Street station entrance remain temporarily closed until August 2021 to allow for the safe and efficient construction of the new lift. During this time, the taxi zone and kiss and ride zone will be temporarily relocated to the other side of the station entry (opposite Roseville Pharmacy).

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent online updates published to the project website www.transport.nsw.gov.au/roseville.

If you would like to be added to the project distribution list, or for more information on the Roseville Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
