

Commuter Car Park Program

St Marys Station

Project update

August 2021

Construction progress on the new multi-storey car park at St Marys

Transport for NSW is providing additional commuter parking at St Marys, a joint initiative of the Australian and NSW Governments. Additional commuter car parking at St Marys Station will provide the community with more convenient access to public transport and reduce congestion on our roads.

This project will add two levels to the existing multi-storey commuter car park to provide around 250 new spaces, and support the proposed new metro station interchange at St Marys. The car park is expected to be complete and open to commuters in early 2022.

Construction recommences

Construction will recommence from Monday 2 August, following the NSW Government announcement on Wednesday 28 July.

Our work will be carried out in line with the latest health and safety requirements and with COVID safe practices to keep our workers and the community safe. Our work was paused for two weeks, as part of COVID restrictions introduced by the NSW Government on Saturday 17 July 2021.

The safety and wellbeing of our workplace and the wider community is our highest priority. You may see some of our workers on site as they prepare the sites for work to recommence. Please be assured our people and worksites follow NSW Health's COVID-19 requirements and will continue to do so.

Updated construction hours

Work will generally take place during standard construction hours between **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.**

Following the two week pause in construction in late July, we may also need to work from 1pm to 5pm on Saturday and from 9am to 5pm on Sundays.

These extended construction hours are approved by the NSW Government.

Deliveries will be scheduled outside of peak times wherever possible to minimise disruption to local businesses, pedestrians and motorists.

Upcoming construction work

We'll carry out a range of work will in August, including:

- Ongoing construction of perimeter scaffolding
- Demolition of existing structural elements on the rooftop and ground floor of the car park to allow the extension work to safely take place
- Formwork and concrete work will start for the new car park levels.

Existing lifts and stairs to access the ground floor will remain open and accessible to commuters.

Alternative commuter parking nearby

We understand some commuters will need to use alternative parking options and apologise for any inconvenience caused as part of the extension works. We recommend commuters utilise available commuter parking at nearby stations including Werrington, Kingswood, Mt Druitt and Rooty Hill. These nearby stations currently have parking availability. Additional parking is also available in the Penrith Station multi storey car park with express train services into the Sydney CBD.

It may take you longer than usual to find a parking space or you may need to go to a nearby station. Plan your journey ahead of time. If possible, please consider flexible working arrangements during this time.

Vegetation removal

Some trees and vegetation will need to be removed for the car park extension. All trees removed as part of the project will be offset with landscaping at the end of the project.

Keeping you up to date

We will continue to keep the community informed with regular project updates. More information about the project is available on our website www.transport.nsw.gov.au/stmarys. If you would like to sign up to our project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au. We send project updates via email monthly.

For all urgent enquiries or complaints regarding construction activities, please call our **24-hour Construction Response Line** on **1800 775 465**.

We encourage you to subscribe to our project email distribution for the latest information, by calling us on 1800 684 490 or emailing projects@transport.nsw.gov.au

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
