

Transport Access Program

Towradgi Station Upgrade

COMMUNITY NOTIFICATION

JULY 2021

The NSW Government is improving accessibility at Towradgi Station.

This upgrade will be delivered as part of the Transport Access Program, an initiative to provide a better experience for public transport customers by delivering modern, safe and accessible infrastructure.

Artists impression, subject to detailed design

Upcoming work

Construction of the Towradgi Station upgrade is currently under way. Work will continue throughout July and includes:

- Excavation works behind Platforms 1 & 2 for future lift and stair construction
- Start of concrete pouring for footbridge structure on Platforms 1 & 2
- Hoarding installation on platforms.

Equipment to be used includes excavators, hammer drills, bobcats, concrete trucks and pumps, hand held saws, large cranes and power tools.

Temporary changes to station platform

Following weekend work starting 26 June, hoarding will be installed on the platform, as per the graphic.

This work will create safe exclusion zones for upcoming excavation of Platforms 1 and 2 that will slightly reduce the platform width.

Customers are urged to continue moving along these areas for safety and clearance purposes.

There will be signage on display and announcements over the station's public address system to remind commuters of this change.

Construction hours

To support industry and continue the delivery of critical infrastructure, the NSW Government has introduced new rules allowing construction sites to operate on weekends and public holidays. Standard construction hours are now **7am to 6pm every day, including Sundays and public holidays**. These changes have been made to facilitate social distancing on construction sites and support the health and wellbeing of workers.

Keep in touch

We will continue to keep the community informed with regular project updates. Further information is available on the project website transport.nsw.gov.au/towradgi. If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au. For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
