

Transport Access Program

Wahroonga Station Upgrade

Project update

March 2021

Artist's impression of the Wahroonga Station Upgrade, subject to detailed design

Construction on the Wahroonga Station Upgrade is progressing well with service investigation and piling work underway during February.

Upcoming work

Work will continue in March and includes:

- relocation of electrical and communication services
- vegetation clearing and trimming
- installation of temporary structures including hoarding
- temporary fence installation on the platform to enable establishment of storage and construction zones
- temporary closure of the male toilet and changing the female toilet to unisex to start of construction of the new toilet
- start of the lift pit construction works.

Equipment to be used includes surveying equipment, vacuum trucks, concrete pumps, tipper trucks, small excavators, light vehicles and hand tools.

3. Overhead wire work

Weekend work – Friday 19 to Monday 22 March

Night work will take place from **6pm Friday 19 March** to **2am Monday 22 March 2021**.

The work will include:

- delivery of plant and equipment to the work site
- piling work for the new footbridge
- excavation work for the new lift and platform extension
- service and utility investigations and relocation
- stockpiling materials
- removal of spoil material
- removal of concourse
- installation of fencing around platform
- remediation of the station and road adjacent to station.

Temporary traffic changes will be in place including the **closure of one lane of traffic and the pedestrian footbridge on the Redleaf Avenue bridge** to allow work to be carried out safely. Pedestrians will be directed to use the heritage bridge. Traffic control will be located on Redleaf Avenue to assist motorists, and facilitate pedestrian movements, should they be unable to cross the corridor using the heritage bridge.

Construction hours

Standard construction hours are now **7am to 6pm every day**. This is to facilitate social distancing on construction sites and support the health and wellbeing of workers. These changes will be in place until Thursday **25 March 2021**.

From **Friday 26 March 2021**, the standard construction hours will change back to **7am to 6pm Monday to Friday and 8am to 1pm Saturdays only**.

For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.

Keep in touch

We will continue to keep the community informed with project updates. Further information is available on the project website www.transport.nsw.gov.au/wahroonga. If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on 1800 775 465.

Nearby Transport for NSW projects

Adjacent to the Wahroonga Station Upgrade, is the **Pacific Highway upgrade between Turramurra and Wahroonga Pinch Point Project**. In **December 2020**, work will continue to upgrade intersections along the Pacific Highway between Turramurra and Wahroonga. For more information, please visit www.rms.nsw.gov.au/projects/pacific-hwy-turramurra-wahroonga.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
