

# Transport Access Program

## Lisarow Station Upgrade

Project update

July 2021

Construction on the Lisarow Station Upgrade is progressing well with the lift car construction activities underway during June.

## Upcoming work

Construction activities in July includes:

- utility investigations and site surveying work
- line marking and service installation work
- installing tactiles along the platforms
- piling for the Boarding Assistance Zone canopy
- construction of the new ramp for the Pacific Highway station entrance
- constructing the lift cars
- upgrades to the balustrade and handrails on the pedestrian footbridge.

Equipment to be used includes surveying equipment, small drilling rigs, vacuum trucks, excavators, cranes, light vehicles and hand tools.

For more information call 1800 684 490.

For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

## Night work – 29 to 30 June, 5 to 8 July

Night work will take place from:

- **6am to 6pm on Tuesday 29 June and Wednesday 30 June 2021**
- **7pm to 4am from Monday 5 July until Thursday 8 July 2021.**

Construction activities will include asphaltting and compaction work for the temporary carpark access along the Pacific Highway, tactile installation, coping painting and stencilling around the station precinct.

Equipment to be used includes hand tools, lighting towers and light vehicles.

Wherever possible, measures to reduce noise will be implemented including turning equipment off when not in use, positioning equipment as far away from residences as possible, monitoring noise, using non-tonal reversing beepers and stopping work for respite periods.

## Temporary access changes and bus stop relocation

The following access changes are in place on the **Pacific Highway** side of the station entrance:

- the existing access to Lisarow Station from the Pacific Highway **is temporarily closed** until August 2021. A new temporary ramp has been installed to access Platform 1 during this time.
- the bus stop has been relocated up to 80 metres toward the local shopping centre.
- vehicle entrance to the Pacific Highway Commuter Car Park will be temporarily relocated around 20 metres north of the current entrance.
- the existing entrance to the commuter car park for pedestrians is temporarily closed. Access to the car park is via a temporary walkway along the Pacific Highway.

Please see map overleaf for station layout during these times. Traffic controllers and signage will be in place to assist customers accessing Lisarow Station.

## Temporary parking impacts

Up to six parking spaces will be removed in the Pacific Highway Commuter Car Park. This is to create a new entrance to the car park as the existing entrance will be closed for an accessibility upgrade.

Please allow extra travel time and follow the directions of traffic controllers and signage in place.

## Construction hours

Standard construction hours are now **7am to 6pm every day**. This is to facilitate social distancing on construction sites and support the health and wellbeing of workers.

For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.
