

Transport Access Program

Wahroonga Station Upgrade

Project update

November 2021

Transport for NSW is upgrading Wahroonga Station to make it easier for everyone to access, including people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

The Wahroonga team has completed a significant amount of scope during the single lane bridge closure in October 2021. The following was achieved; lift scaffold removed successfully and lift nearing completion, Sydney watermain upgrade completed and start of southbound road deck construction.

Thank you for your ongoing patience during this construction work.

Upcoming work

Work will continue in November. This work is in line with the current Public Health Orders and a COVID-19 Safe plan is in place, including masks at the station platform and QR codes. It includes:

- construction of a new lift shaft, new footbridge and lift canopy
- continued refurbishment of the station toilets (one unisex toilet will remain open)
- underground service investigation, relocation of services and utilities
- construction of a new pedestrian ramp including concrete placement and piling work
- upgrading electrical network
- continued reconstruction of the bridge deck along with installation of new road barriers and anti-throw screens
- installation of Boarding Assistance Zone canopy
- Platform resurfacing

Equipment to be used includes tipper trucks, concrete pumps and concrete trucks, vacuum trucks, piling rigs, cranes, small excavators, saw cutters, rollers, surveying equipment and hand tools.

Traffic arrangements to continue

The northbound traffic detour has been implemented allowing the community to travel directly into the Wahroonga village from the park side (north). We will carry on with the northbound traffic arrangement (single lane closure) in November. ***If there are changes to traffic flow affecting the viability of the northbound detour, then we will transition to southbound detour to mitigate the traffic impacts.***

Redleaf Avenue bridge – work update

The northbound lane of the Redleaf Avenue bridge will remain temporary closed until **Sunday 14 November, weather permitting**. When possible, we will aim to reopen the Redleaf Avenue bridge to two-way traffic if work can be completed prior this date.

Reconstruction of the bridge deck will continue concurrently with the Wahroonga Station Upgrade, and includes drainage, waterproofing, laying of new asphalt and line marking. Additional work includes the installation of traffic barriers and anti-throw protection screens as well.

The replacement of the Sydney Water main is **completed** and relocation works of utility assets will continue.

A single lane closure must be in place to ensure the safety of workers, vehicles and pedestrians.

Detours will be in place for northbound motorists via Rohini Street and Eastern Road. Access will be maintained for southbound traffic.

Millewa Avenue will remain closed between Cleveland Street and Illoura Avenue for Westbound motorists **until 26 November 2021** Please use the detour via Cleveland Street during this time.

Map of traffic detour in place until Monday 29 Nov

Full bridge closure- Weekend work

Redleaf Avenue bridge will be temporarily closed to traffic from **7pm Friday 5 November to 5am Monday 8 November** to enable major works for the Wahroonga Station Upgrade.

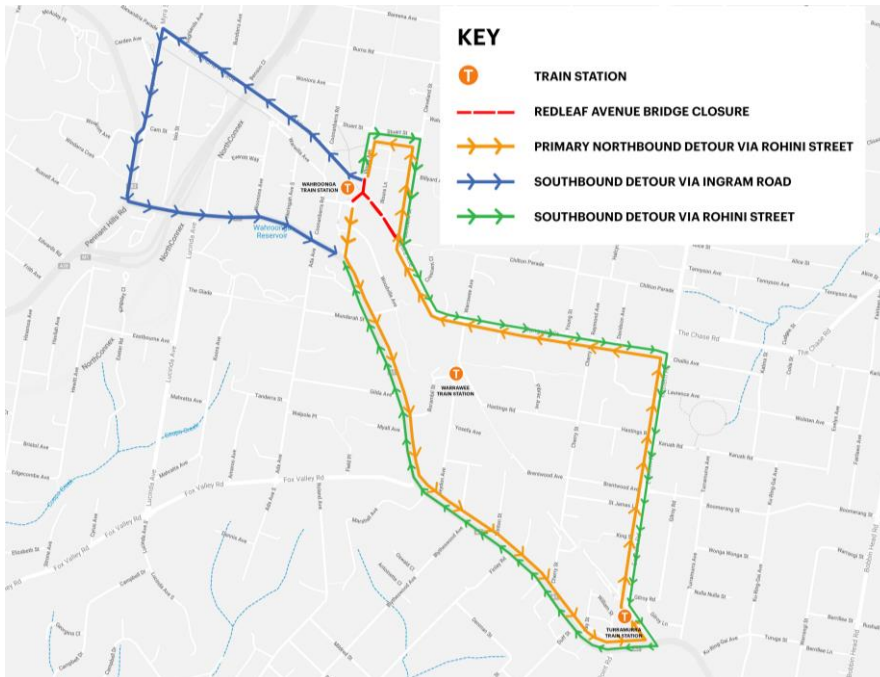

Work includes:

- platform resurfacing
- completion of road slab
- piling work for new ramp
- installation of Boarding Assistance Zone canopy

Equipment to be used includes trucks, concrete pumps and concrete trucks, vacuum trucks, piling rigs, cranes, small excavators, saw cutters, rollers, surveying equipment and hand tools.

Detours during this weekend will be in place for southbound motorists **via Ingram Road or Rohini Street** and for northbound motorists **via Rohini Street**. Traffic detours for northbound motorists **via Rohini Street**.

Map of traffic detour in place from Friday 5 to Monday 8 November

Pedestrian access changes

During November, the pedestrian footpath along the platform corridor between Illoura Avenue and the Heritage footbridge (on the village side) will continue to be closed. Pedestrian access on Redleaf Avenue and the heritage bridge will be maintained.

Please follow the directional signage in place. **Customer access to Wairoa station will be maintained** when trains are running.

Are you studying for the Higher School Certificate?

If a member of your household is studying for the Higher School Certificate (HSC), please contact us as soon as possible. We will make every effort to limit disruption to HSC students during the exam period.

Temporary changes to station toilets

The existing male toilet in the station building has now been upgraded as a unisex ambulant toilet. Work is commencing to upgrade the existing female toilet to a Family accessible toilet (FAT).

Construction hours

Standard construction hours are **7am to 6pm every day, including Sundays and public holidays**. This is to facilitate social distancing on construction sites and support the health and wellbeing of workers.

This work schedule may be subject to change due to NSW public health orders.

Keep in touch

We will continue to keep the community informed with project updates. Further information is available on the project website www.transport.nsw.gov.au/wairoa. If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

Nearby Transport for NSW projects

Adjacent to the Wairoa Station Upgrade, is the Pacific Highway upgrade between Turramurra and Wairoa Pinch Point Project. During October 2021 and January 2022, work will continue to upgrade intersections of the Pacific Highway at Fox Valley Road and Redleaf Avenue in Wairoa.
