

Commuter Car Park Program

West Ryde Station

Project update

June 2021

Artist's impression of West Ryde Commuter Car Park, subject to detailed design

Transport for NSW is delivering additional commuter car parking at West Ryde Station to provide the community with more convenient access to public transport and reduce congestion on our roads.

When complete, the new car park will be located along Ryedale Road and will provide the community with approximately 100 additional commuter parking spaces. The car park is expected to be completed and open to the community by the end of 2021.

Progress update

Over April and May, the commuter car park closest to the station was closed and site establishment was completed. The existing trees and structures inside the site were removed. Trees removed for the new commuter car park will be offset at the end of the project.

Detailed design

Detailed design for the new commuter car park is progressing. We will share the updated design with the community shortly.

Upcoming construction work

During June and July, the following work will occur on the new car park:

- Earthworks and associated bulk-out of redundant material will be undertaken
- Detailed excavation to allow for in-ground services such as storm water
- Commencement of the new car park subgrade preparations
- Installation of new in ground services
- Removal of old rail corridor fence and installation of new rail corridor fence

Construction hours

Work will take place during standard construction hours between **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**. Deliveries will be scheduled outside of peak times wherever possible to minimise disruption to pedestrians and motorists.

Council Works along Ryedale Road

City of Ryde Council are undertaking work along Ryedale Road as part of the Ryedale Road Town Centre Upgrade project and have engaged Ferrycarrig to deliver the project on their behalf. Upcoming work will include demolition and construction of new kerb and gutters, new light poles and installation of new underground electrical and storm water service lines. Some of this work is scheduled to take place at night starting at 4:30pm for the next few weeks. For any questions regarding the work please contact Ferrycarrig on 1300 215 191 or email info@ferrycarrig.com.au.

Keeping you up to date

We will continue to keep the community informed with regular project updates. More information about the project is available on our website www.transport.nsw.gov.au/westryde. If you would like to sign up to our project mailing list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au. We send project updates via email monthly. For all urgent enquiries or complaints regarding construction activities, please call our **24-hour Construction Response Line** on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
