

# Transport Access Program

## Yagoona Station Upgrade

Project update

Christmas/New Year Trackwork

### Upcoming work

The next stage of major work to upgrade Yagoona Station will be carried out during Sydney Trains scheduled Christmas/New Year trackwork period, when the station is closed and no trains are running.

Work will be carried out continuously from **4am Sunday 26 December 2021 to 4am Monday 10 January 2022**. Work will be carried out in stages and will include:

Date	Work
<b>Stage 1:</b> Sunday 26 December to Tuesday 28 December 2021	<ul style="list-style-type: none"><li>• Demolition of existing concourse structure</li><li>• Excavation work and removal of old foundations</li><li>• Fit out of new station building</li><li>• Installation and relocation of services</li></ul>
<b>Stage 2:</b> Wednesday 29 December 2021 to Saturday 1 January 2022	<ul style="list-style-type: none"><li>• Piling work</li><li>• Excavation for services on the station platform</li><li>• Extension of concrete lift shaft and new concourse support structure</li></ul>
<b>Stage 3:</b> Sunday 2 January to Monday 10 January 2022	<ul style="list-style-type: none"><li>• Installation of new station concourse structure including structural steel, precast concrete, roofing, stairs and screens</li><li>• Finishing works for the new station building</li><li>• Commissioning of new and temporary station services</li><li>• Temporary resurfacing of station platform</li></ul>

Equipment to be used includes a crane, concrete trucks and pumps, excavator, elevated work platform, trucks, power tools and hand tools.

Please note, work will also be carried out on a scheduled Sydney Trains trackwork weekend from **6am Saturday 18 December to 2am Monday 20 December 2021**. For details on other work taking place in December 2021 and January 2022, please refer to the community updates at [transport.nsw.gov.au/yagoona](https://transport.nsw.gov.au/yagoona).

Rail replacement bus services will be provided during the above times to help customers get where they need to. Customers can plan their trip at [transportnsw.info](https://transportnsw.info) and on real time apps from mid-December or call **131 500** for information about replacement buses.

## Access changes

The pedestrian detour from the car park next to Gazzard Park to the station via Gazzard Park and Cooper Road will remain in place until January 2022.

The footpath between the Hume Highway and Breasley Place car park will be temporarily closed during the following scheduled Sydney Trains trackwork periods to allow a crane to be set up and used in this area:

- **6am Saturday 18 December to 2am Monday 20 December 2021**
- **4am Sunday 26 December 2021 to 4am Monday 10 January 2022**

A pedestrian detour through the arcade on the Hume Highway at 5 Stars Nuts Supermarket will be in place during these times.

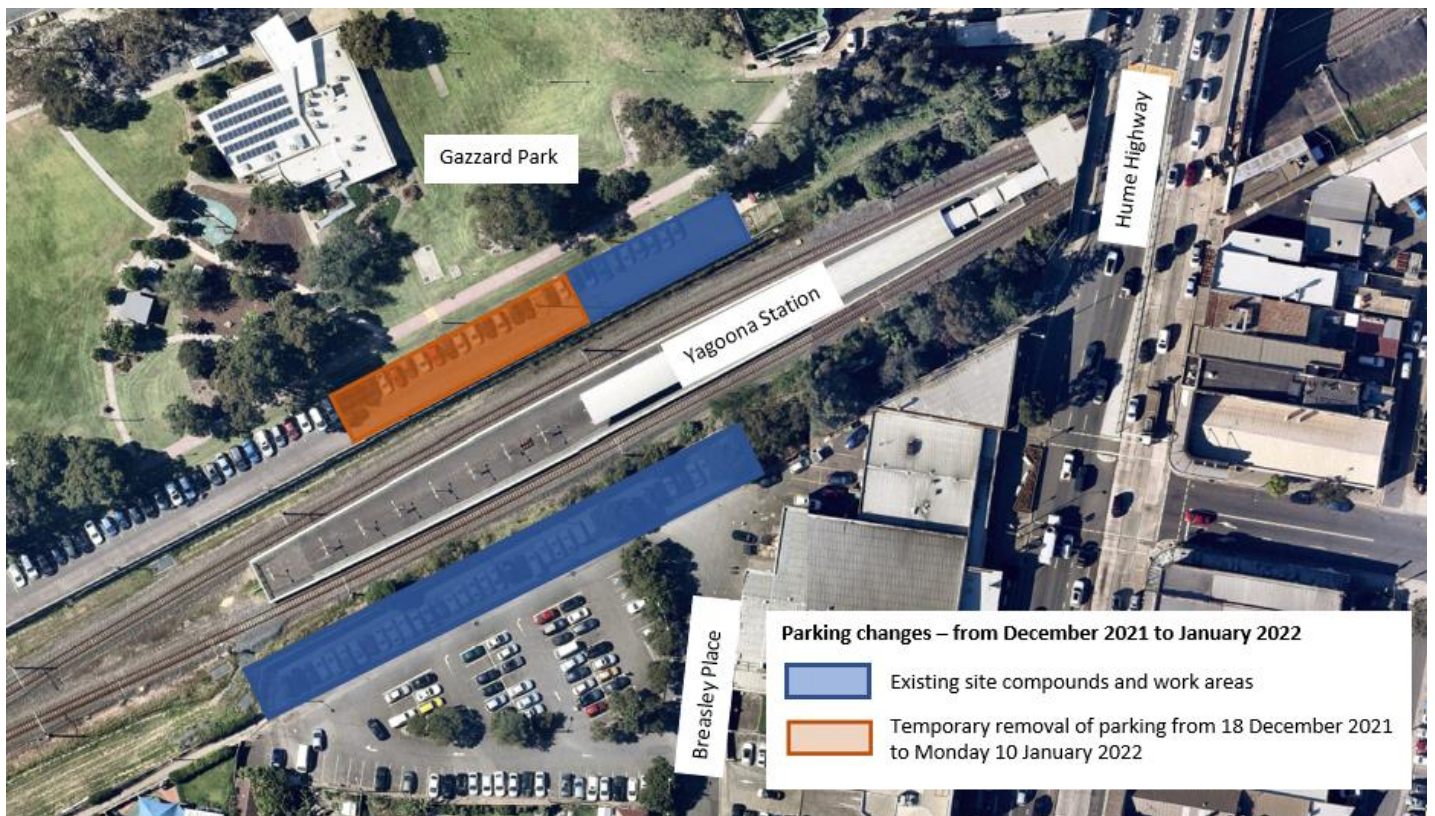

The bus stop near the station on the Hume Highway will also be temporarily moved about 50 metres east along the highway between **10pm and 6am from 4am Sunday 26 December 2021 to 4am Monday 10 January 2022**.

Traffic controllers will be onsite to help direct you. Please follow the direction of traffic controllers and detour signs during this time.

## Parking changes

Temporary parking changes in the Breasley Place car park and car park adjacent to Gazzard Park for site offices and work areas will remain in place until the end of the project.

An additional 20 parking spaces will also be temporarily closed in the car park adjacent to Gazzard Park during planned Sydney Trains trackwork periods detailed in the above table.

## Vegetation removal

In preparation for works in the Christmas/New Year trackwork period, one tree in the rail corridor will be removed in December.

Offset planting will be carried out in the local area in line with the Transport for NSW Biodiversity Offset Strategy.

## Managing out of hours work

We understand extending construction hours may cause disruption. We will minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

Where weekend and night work is required, measures will be implemented to minimise the disturbance wherever possible, such as turning off vehicles when not in use, positioning construction equipment as far away from residential areas as possible, using non-tonal reversing beepers, and monitoring noise levels.

## Keep in touch

We will continue to keep the community informed with regular project notifications and frequent updates published to the project website [transport.nsw.gov.au/yagoona](https://transport.nsw.gov.au/yagoona). If you would like to be added to the project distribution list or for more information, please contact [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or call the Project Infoline on **1800 684 490**.
