

# Transport Access Program

## Yagoona Station Upgrade

### Project update

May 2021

Planning is underway for an accessibility upgrade at Yagoona Station. As part of the planning process, preliminary investigations will be carried out to identify ground conditions to help inform the design and construction of the upgrade.

### Site investigations continue during May

Geotechnical investigations, site surveys and site inspections will be carried out in the station precinct **throughout May 2021**. The work will be carried out during standard construction hours, from **7am to 6pm, Monday to Friday**.

The work will include photography of the station precinct, site surveys and taking soil and rock samples using a boring rig, vacuum truck, power and hand tools.

This work may be noisy at times. Wherever possible measures to reduce noise will be implemented including turning off vehicles and equipment when not in use, monitoring noise and using non-tonal reversing beepers.

We thank you for your patience during this important work.

If you would like to be added to the project distribution list, or for more information on the Yagoona Station Upgrade, please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au)
