

Transport Access Program

Thornleigh Station Upgrade

The Thornleigh Station Upgrade is part of the Transport Access Program, a NSW Government initiative to provide a station that is accessible to people with a disability, limited mobility, parents/carers with prams, and customers with luggage.

We thank you for your patience during this important work.

Project update

On our last notification, we recently notified you of our work resuming on Monday 10 January 2022. To allow for our work to be completed with less disruption to commuters, our team will now resume on **Tuesday 4 January 2022**.

January work

Throughout January, work will include:

- Continue the construction of the new lifts, including installation of scaffolding
- upgrades to the station platform waiting rooms
- construction of a new family accessible toilet and a unisex ambulant toilet.

Out of hours work

From 12am Saturday 29 January to 11pm Sunday 30 January, we will be working in and around Thornleigh Station to carry out the following activities:

- Removal of redundant power pole cables
- installation of new power pole cable
- excavating within the rail corridor to allow for a new electrical pad mount to be installed
- excavating for drainage pits and drainage route within the Benowie Walkway and the rail corridor.

How will this work effect you?

Equipment used throughout January includes; excavators, vaccum trucks, road saws, jackhammers, tipper trucks, concrete trucks and pumps, dump trucks, lighting towers, various hand and power tools.

Where possible, measures will be implemented to reduce noise and dust associated with this work, including adding shade cloth mesh to fencing, turning off equipment when not in use, placing equipment as far away as possible from properties and using non-tonal reversing beepers.
