

## Badgerys Creek and Bringelly areas

### Completion of road enabling work - August 2022

Transport for NSW has completed four road enabling projects in Badgerys Creek and Bringelly to support the delivery of the Sydney Metro – Western Sydney Airport. The new metro railway line will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services. The completed road work provides access to the future Sydney Metro – Western Sydney Airport construction sites and a services facility, and to improve traffic flow and safety for construction vehicles and general traffic (see map on page 3).

We would like to thank the community for their patience and cooperation during this important work.

New leg of the Elizabeth Drive and Badgerys Creek Road roundabout.

Pitt Street widening and upgrade to cater for heavy construction vehicles.

New roundabout at 215 Badgerys Creek Road.

New road pavement, drainage and landscaping to the new Aerotropolis metro station.

## Work completed

### 1 Elizabeth Drive and Badgerys Creek Road roundabout extension

The existing roundabout intersection was upgraded to include a fourth (4th) leg for an access road to allow work vehicles enter the Sydney Metro – Western Sydney Airport construction site. Completed work includes:

- a new access road to the north of the roundabout
- new kerbing and guttering
- utilities modifications and installation of new drainage.

### 2 Pitt Street work

Pitt Street was upgraded to cater for heavy construction vehicles. Completed work includes:

- widening and upgrading of Pitt Street
- signage and line markings
- adjustment of utilities and installation of new drainage
- road construction and pavement work.

### 3 Badgerys Creek Road new roundabout and access road

A new three (3) leg roundabout and access road has been completed at 215 Badgerys Creek Road to allow work vehicles to safely enter and exit the Aerotropolis construction site. Completed work includes:

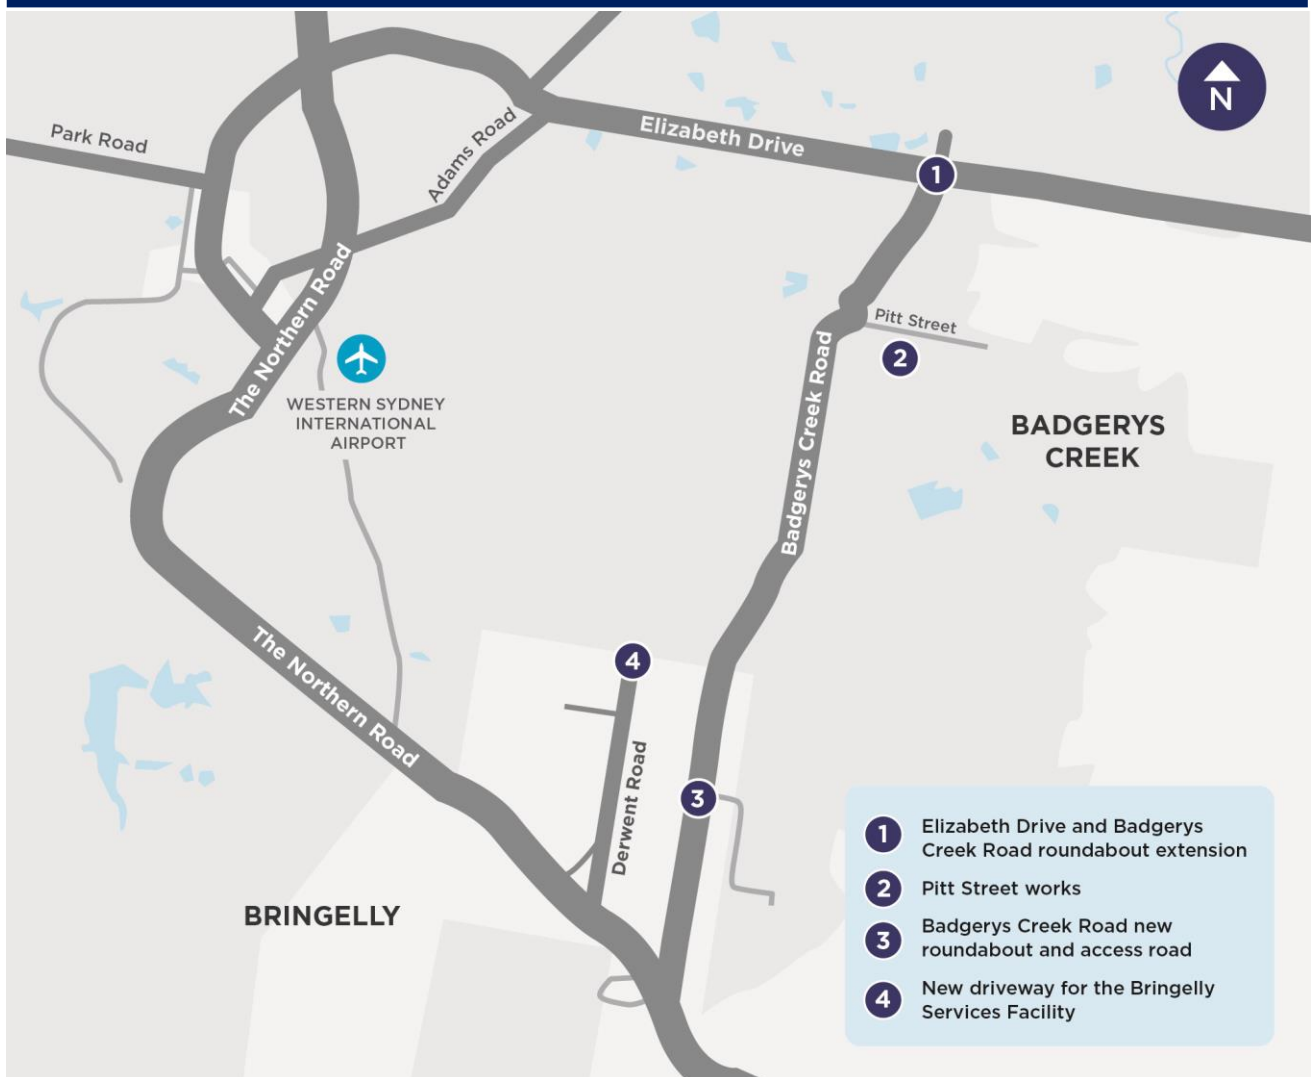

- a new concrete roundabout with a central concrete island
- an east leg access road on to the areotroplis construction site
- new street lighting, signage, and line marking
- new kerbing, guttering and pavement widening
- adjustment of utilities and installation of new stormwater drainage.

### 4 New driveway for the Bringelly Services Facility, Derwent Road

A driveway to access the Sydney Metro Bringelly Service Facility was completed at 40 Derwent Road. Completed work includes:

- a new driveway to access the services facility
- relocation of utilities and stormwater drainage improvements
- road construction and pavement work.
