

Sydney Trains

Clifton embankment remediation

From Wednesday 3 August to Wednesday 30 November

What we're doing

Sydney Trains is undertaking remediation works at Clifton from Wednesday 3 August to Wednesday 30 November.

To improve embankment stability, we will be:

- Install diameter piles
- Shotcrete between piles on the eastern side
- Construct capping beam on top of piles
- Install traffic barrier and handrails
- Install horizontal drain on the embankment
- Reshape and revegetate the embankment
- Construct new drain on North Bound shoulder of Lawrence Hardgrave Drive
- Reinstate access road and boundary fence.

We understand this work will have an impact on you and your neighbours. We appreciate your patience and understanding.

How this affects you

Noise

- These works may create additional noise during the construction period.
- **Work will take place** from 6am to 5pm during weekdays from Wednesday 3 August to Wednesday 30 November.
- Equipment may be delivered to the worksite outside the above times. Some deliveries may occur at night due to daytime travel restrictions on large vehicles.
- Finishing works may take place following this period, including the removal of equipment.

Traffic and Parking

- Heavy vehicles will be using local streets to access the rail corridor.
- We will park our vehicles inside the rail corridor wherever possible, however please be aware that on-street parking may be limited near the worksite.
- Traffic controllers will be on duty to assist motorists and pedestrians throughout the duration of the works.

We apologise for any inconvenience and thank you for your cooperation during these essential works.
