

Commuter Car Park Program

Edmondson Park

Project Update – February 2022

Transport for NSW is delivering additional parking spaces for commuters at Edmondson Park Station to provide you with more convenient access to public transport and reduce congestion on our roads.

The new multi-storey commuter car park, providing up to 1,250 additional parking spaces, to the south of Edmondson Park Station is currently being constructed.

A temporary car park located north of the station is available to help minimise disruption to commuters during construction.

Construction Progress update

In January, all plumbing and electrical works within the building were complete. Installation of wheel stops, bollards, stair tread, tactiles, signage, and line marking were completed. Landscaping and civil works were also completed.

Upcoming construction work

Minor defect rectification and footpath works are planned to occur in February.

Community feedback

We have received community feedback regarding noise from within the commuter car park and are currently investigating this issue. We will provide an update to the community once available.

Construction hours

Standard construction hours are **7am to 6pm Monday to Saturday**.

Contact us

We will continue to keep the community informed with regular project updates. More information about the project is available on our website. If you would like to sign up to our project distribution list, please contact us phone or email and we will email you regular updates.
