

# Commuter Car Park Program

## Emu Plains

Community Notification | July 2022

### Project overview

Transport for NSW is constructing a new commuter car park at Emu Plains Station to provide the community with more convenient access to public transport and reduce congestion on our roads. The project is jointly funded by the Australian and NSW Governments. The car park, which will be accessed via a new roundabout at the intersection of Old Bathurst Road and Smith Street, will provide approximately 750 additional commuter parking spaces.

Work progressing at the new Emu Plains Commuter Car Park

### Progress update and upcoming work

Earthwork and construction of a new roundabout continued throughout June. The car park is starting to take shape with earthworks now complete, and construction of pavement base material, kerb and gutter, and walkways is progressing well. Construction of sandstone retaining walls for the flood retention channel passing through the site is also nearing completion.

The following work is planned to occur in July:

- utility services work throughout the new car park
- footpath and landscaping work near the new footbridge
- pavement base layer construction for the car park site
- construction of sandstone retaining walls and kerbing

- work for the new roundabout on Old Bathurst Road including stormwater drainage and new lighting. Ongoing traffic flow adjustments will occur during the roundabout construction. Signage will be in place and traffic controllers utilised as required.

Subject to approvals, work will occur on Old Bathurst Road for the protection of existing utility services, which may require a temporary road closure. Further notification will be provided closer to the date of this work commencing.

Equipment to be used will include excavators, road saw, grader, bulldozers, rollers and compactors, tipping trucks, jack hammers, concrete mixers, service vehicles, various delivery vehicles, pole installation truck, mobile crane, generators, lighting towers for any nightwork, an elevated work platform and hand tools.

## Construction hours

Standard construction hours are 7am to 6pm Monday to Friday and 8am to 1pm Saturdays. All work is dependent on weather, site conditions and COVID restrictions and may be varied without additional notice.

Thank you for your patience and understanding while we carry out this important work.

## Keeping you up to date

More information is available on our website [transport.nsw.gov.au/emuplains](https://transport.nsw.gov.au/emuplains). If you would like to sign up to our project distribution list, please contact us on 1800 684 490 or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) and we will email you regular updates.
