

# Erskineville Station Upgrade

November 2022 | Notification of out-of-hours work

**We will be working from 1am until 5am on Tuesday 29 and Wednesday 30 November 2022.** Contingency shifts are scheduled on Thursday 1 and Friday 2 December if we cannot complete the work as planned.

**Work schedules are subject to change** due to permits, weather, and site conditions. Please register for project updates using the email address found below.

The out of hours work is required to complete electrical commissioning work and cannot be carried out during standard construction hours as the power at the station must be turned off to complete the work. We don't expect this work will generate much noise for surrounding residents as only hand tools will be used. Please see the map overleaf which shows our work areas.

For more information about Erskineville Station Upgrade, please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).
