

## Erskineville Station Upgrade

September 2022

The Erskineville Station Upgrade is part of the Transport Access Program, a NSW Government initiative to provide a Station that is accessible to people with a disability, limited mobility, parents/carers with prams, and customers with luggage.

### Planned out of hours work in September

In September, some activities have been scheduled to coincide with scheduled Sydney Trains trackwork weekends when no trains are running. We will be working:

- from **6am Saturday 17 September until 10pm Sunday 18 September**, and
- from **6am Saturday 24 September until 10pm Sunday 25 September**.

Please be advised that other contractors will also be working during these periods. During these work periods activities will include:

- Excavating and trenching to install new services
- Concreting and electrical upgrade work
- Canopy steel installation and new lighting work
- Improvements to the footbridges and staircases

**Work is subject to change. Please subscribe for email updates** to receive more information about the location of work and specific planned activities, and also to be informed of any changes to our planned work scheduled. Please let us know if you require project updates via an alternative method.

### How our work may impact you

- Measures to reduce noise will be implemented where possible
- A truck will be parked on Bridge Street during our weekend work
- There will be an increase in construction vehicles accessing our site, especially during our weekend work periods.
- Traffic control will be in place to safely manage our work areas.

### Day work in September

Day work in September will continue during standard construction hours (**7am until 6pm Monday to Friday, and from 8am until 1pm on Saturdays**). This work includes:

- Lift measurements and fit-out work
- Canopy steel and roofing installation, and new lighting work
- Improvements to the footbridges and staircases
- Bathroom upgrades
